Item no 5

## **Modification 10**

### **Chapter 6 Housing, proposal HSG 16 Powderhall**

#### Background

The demolition of Powderhall Waste Management Plant before 2015 was envisaged when the Plan was finalised. The redevelopment of the site with housing was accordingly proposed on clearance. It is now expected that the waste management facilities will be needed at this location throughout the lifetime of the Plan. Accordingly, the housing proposal should be deleted.

Proposed Modification: Delete HSG 16 from table 6.1 and table 6.2 of chapter 6 Housing and Community Facilities.
