Subject: Deputation request for Planning Committee meeting 26 February 2015

I understand that the Planning Committee, at its meeting on 26 February, is to receive a deputation from the Cramond and Barnton Community Council re proposals to allow development on the Cammo Fields greenbelt.

I am emailing to request formally, on behalf of the Cammo Residents Association Committee, an opportunity to also make a verbal submission on this topic to this meeting of the Planning Committee (26 February 2015).

The Cammo Residents Association Committee has actively sought, throughout the LDP process, to make the voice of local residents heard. We have, in particular, submitted representations to both LDP1 and LDP2 and have responded to developer proposals for the Cammo fields.

I look forward to receiving confirmation of that we may send a deputation to the Planning Committee meeting on 26 February 2015.

Sally Chalmers

Cammo Resident Committee Member
