Subject: Community Centre, 63 Niddrie Mains Terrace

Dear members of the Finance & Resource Committee,

We, as the Edinburgh and Lothians Regional Equality Council, feel that the above community centre has not been dealt with by the City of Edinburgh Council in the proper way. We feel that there was no Equality Impact Assessment done or a consultation with the user group of the community centre before they were removed, which is totally inappropriate. We feel that this group is marginalised in the Edinburgh East area.

We would like to request the deputation. The Chair and Vice Chair of ELREC will present the case in front of the Finance & Resource committee on the 2nd February.

Kind regards,

Foyso! Choudhury MBE
Chair
