1. Deputations

The Council agreed to hear the following deputations on the Revenue Budget 2016/17 and Capital Investment Programme/Plan 2016/17 to 20:

a) Inverleith Youth Forum

The deputation highlighted their concerns at the Council's budget plans to change the music tuition in schools which they felt would lead to there being very little education in music available for low income families. They felt that this would put more pressure on parents to pay and could also affect a child's academic performance. They indicated that music affected and improved the lives of young people as well as being a way of expressing themselves and helped them socially to work as a team.

The deputation also urged the Council not to make cuts to the schools budget as the proposed decrease in support for young people and closures would have a disruptive effect on young people.

b) Unite

The deputation expressed concerns at the implications of the proposed budget cuts and felt that the Council should now be looking at the possibility of reforming Business rates. They also urged the Council to consider raising Council Tax which they felt was the only meaningful action which could be taken and to challenge the Scottish Government regarding the current tax freeze.

c) EIS (Educational Institute of Scotland) and UNISON

The deputation expressed concern at the impact the proposed cuts would have on service provision and members' terms and conditions. They felt that the continuous cuts would have a negative impact on the most vulnerable and disadvantaged people within the city. The deputation indicated that the Council also needed to look at the short, medium and long term strategy for debt management.

They also expressed concern at the proposal to cut free music tuition within schools and stressed that Edinburgh provided the leading model across Scotland. They asked the Council to carry out a review of the service to include pupils, staff and stakeholders.

d) Edinburgh Trade Union Council

The Deputation asked the Council to agree a Council Tax increase which would reverse cuts to key services and reduce the number of voluntary and compulsory redundancies the Council would have to make in 2016/17. They believed that the Council could persuade the Scottish Government not to impose a penalty for breaking the Council tax freeze and that the Edinburgh public would support an increase in Council tax for 2016/17.

The deputation stressed that there was a crisis in funding which was having a severe impact on services and they were concerned at the Council's lack of campaigning about this. They felt that the Council had a duty of care to staff and questioned what measures had been put in place for their future health and wellbeing.

e) The Power to the People Group

The deputation welcomed the Council's commitment to involve its citizens in the decision making processes but felt that the online budget consultation was a unacceptable way to engage with local communities.

They expressed concern that the proposed budget cuts would have a significant impact on disadvantaged communities and stressed that community centres had a vital role to play, provided a valuable space for people to get together and involved in their area and should be seen as an important asset to the Council. The deputation stressed that community centres provided an important role in promoting community integration and cohesion.

2. Revenue Budget 2016-17 and Capital Investment Programme/Plan 2016/17 to 2023/24

The Council was invited to consider:

- a) a report on the 2016-20 Revenue and Capital Budget Framework.
- b) an overview of feedback and engagement on the budget proposals.
- c) the risks inherent in the revenue and capital budget framework.
- d) the potential equality and rights impacts of the budget options.
- e) the potential carbon, climate change and sustainable development impacts of the budget options
- f) the Housing Revenue Account (HRA) Budget for 2016/17.
- g) the roll forward of the Capital Investment Programme from 2016/17 to 2023/24.
- h) proposals for updating the Common Good Asset Register.
- i) the funding requirement for establishing a new Strategic Partnership with Edinburgh Voluntary Organisations Council and Volunteer Edinburgh.
- j) the new Council Business Plan for 2016-20.

Motion

2016-20 REVENUE AND CAPITAL BUDGET FRAMEWORK

CAPITAL COALITION MOTION

1. Introduction

- 1.1 Last year's Capital Coalition budget was set in the context of continuing financial constraint and rising demand for Council services.

In 2016/17, we know that there will be even more challenges.

As the UK Conservative Government Spending Review was delayed until 25 November 2015, the Scottish Government's Draft Budget was consequently later than usual. The Capital Coalition has sought to set a four-year budget framework to enable us to target services at the areas of greatest need and to provide stability to staff and citizens over future service provision. However, because of the UK Government's cut in the Scottish Block Grant, the Government's Financial Settlement sets out expenditure plans only for 2016/17. Consequently the City of Edinburgh Council, whilst setting out a four-year budget framework, is only able to agree the finalised budgetary detail for 2016/17. For following years of the framework we will need confirmation of future UK and Scottish Government financial settlements.

We have taken account of the Scottish Government's commitment to continuing the Council tax freeze. Along with its funding for health and police, which taken with the decision by Westminster to remove the National Insurance rebate and additional teachers superannuation costs, means that local government funding overall will reduce by around 7% in real terms in 2016/17.

The Commission on Local Tax Reform reported in December on the back of which the Scottish Government announced that they would publish their plans to reform local taxation in the New Year. Health and Social Care continues to demand greater resource. Education and care for children remains a priority. We do not intend to cut services however, what we do want to see is efficient and effective ways of delivering them. This is exactly what the Capital Coalition has implemented through the transformation programme – greater efficiency and effectiveness. With

Scottish Government spending priorities focusing around health, schools and police we as a Council have tried to prioritise areas of spend where we know the citizens of Edinburgh want us to invest.

- 1.2 Despite the challenging financial situation, the Capital Coalition has prioritised a programme of specific investment over the last 12 months based on our six strategic themes: highlights of this work are listed in more detail in Appendix 1.

But the biggest change of all has been the transformation of this organisation, which employs over 18,000 staff and provides a wide range of services, each one touching the lives of many citizens. Appendix 2 also illustrates the wide-range of efficiencies that the Capital Coalition has developed, within the context of an extremely challenging financial environment.

- 1.3 The UK economic environment is improving and increasing employment is helping to offset spending pressures. Edinburgh's economy continues to do well although the climate for local government funding is becoming even more challenging. The pressure of a further £16.7million reduction in our overall budget, in addition to £68.7million already assumed, has led to the Capital Coalition reviewing savings proposals while protecting key services and outcomes.

The projected challenge we face is to make budget savings of £85.4million for 2016/17 and at least £147million over the period to 2020. The Financial Settlement increases the savings requirement in 2016/17 by £16.7million. These additional savings will be made by:

- Removing the additional £5.9million demography money included within the Council's budget for social care given the £250million increase provided by Scottish Government to Health and Social Care partnerships;
- Accelerating savings of £3.1million through the transformation programme, bringing savings forward from 2017/18;
- A revision to the additional Health and Social Care framework investment, recognising the current year's monitoring position providing £3million;
- Amending the level of required provision for pay awards given planned staff reductions providing £0.9m;
- Using £3.3million of the budget 'headroom' to close the funding gap with the remaining sum of £2.5million being used to support council priorities;
- Saving an additional £0.5million to be funded from reduction in energy consumption and
- Agreeing that any remaining gap to be funded by an increase of 4% in charges.

Other activity includes:

- Working with partners to improve infrastructure such as roads, parks, cycleways and pavements so we can all get around the city;
- Designing services to meet growing demand from vulnerable older people and rising school rolls;
- Analysing the City's future transport requirements;
- Funding changes to both National Insurance and Teachers pensions which requires £10million and £1.3million respectively in 2016/17;
- Reducing energy consumption by 10% in 2016/17 to deal with rising costs and carbon taxes;
- Alleviating fuel poverty by working in partnership to deliver an energy plan for the city in 2016/17 and
- Continuously monitoring our debt and investment portfolios to ensure we are operating effectively and efficiently and that any savings in interest payments are fed back into services.

1.4 **Outcome of the Consultation**

In line with previous years, the Capital Coalition has given the people of Edinburgh the opportunity to have their say in the budget process. The consultation was launched on 1 October and once again Edinburgh's citizens have risen to the challenge with over 4,000 responses. The quality of information received has been extremely high and allowed us to refine our proposals.

As a direct result of the consultation we have:

- Removed the draft proposal to reduce street crossing patrols;
- Reinstated the night noise team;
- Removed the draft proposal to reduce the size of in-house home care service;
- Concluded that the redesign of day care services for adults with learning disabilities should not proceed;
- Removed the proposal for a reduction in community centre staff;
- Agreed to continue to provide music tuition in schools in 2016/17;
- Amended the proposal to review support staff in special schools, ensuring maintenance of both staff numbers and service delivery;
- Removed the £0.5million proposal to review family and pupil support;

- Invested £15.069million in roads, pavements and cycleways to continue to make it easier for people to get around the city;
- Funded the Cycling, Walking, Safer Street Initiative to a level of £540,000;
- Allocated 9% of both the net capital expenditure and the net revenue expenditure of the Transport Division of the Council to cycling and
- Listened to the comments coming out of the 'Invest to Save' exercise and as a result limited the council rent increase to 2% in 2016/17.

As a Capital Coalition we have also decided to:

- Increase the funding available to invest in our property estate by £3million;
- Invest in a new state-of-the-art CCTV system;
- Realign and revise our strategy on income maximisation to generate £1million of additional funds in 2016/17 and
- Work with partners to ensure that the Council receives appropriate remuneration from its portfolio of companies including increased dividend payments.

1.5 None of these decisions have been taken lightly. We do, however, continue to take forward the six strands which form our Contract with the Capital and into that we have woven the Council's transformation programme – these proposals are all contained within Appendix 2.

1.6 **Capital**

Additional capital expenditure of £13million was approved last year for 2015/16. An estimated £3.95million will be available over the period of the capital investment programme This budget will focus on delivering in 2016/17:

- £15.069million on roads and pavements;
- £9.8million on street lighting including LED replacement programme;
- £11.6million on the Water of Leith Flood Prevention Scheme phase 2;
- £19.5million on National Housing Trust;
- £30million on schools;
- A robust business case to replace the ageing Meadowbank Sports Centre;
- £4million on Royston care home and
- £24million on property maintenance and asset management.

Continuous monitoring of the Council's capital programme will be undertaken to ensure projects are delivered on time and on budget. This programme will be reported through Finance and Resources Committee and referred to the Governance Risk and Best Value Committee for scrutiny.

2. **Savings**

As indicated earlier, the economic environment may be improving with a growing economy and increasing employment, but the climate for local government funding is becoming even more challenging. The pressure of a further £16.7million reduction in our overall budget, in addition to over £60million already assumed, has led to the Capital Coalition reviewing savings proposals while protecting key services and outcomes.

Savings have thus been the subject of much debate over the last four months and will concentrate on:

- Workforce Transformation;
- Reductions in fleet;
- Reducing sickness absence;
- Property rationalisation;
- Reduction in carbon tax;
- Transformation;
- Procurement;

The total being £85.4million in 2016/17.

3 **Risks and Challenges**

The Council continues to face significant challenges which are clearly defined in the Revenue Budget report 2016/17, Risks and Reserves (Appendix 7). These will be actively managed and reported through Council/Committee. The Council's top 4 risks are as follows:

1. maintenance of property infrastructure;
2. cyber security and data privacy;
3. integration of health care and social services and
4. increasing service demand due to demography.

It should be noted that to mitigate these risks the Council has invested £12million per annum.

4 Future Budget Development

The Council further agrees to:

- Prioritise and target areas of spend in order to provide the best quality services for the people of Edinburgh through funding of the localities model:
- Continue with the implementation of the transformation programme focusing on the following areas:
 - Business Support;
 - Asset management;
 - Customer services and
 - Locality working.
- Reduce the headcount of the organisation by using, as far as possible, the mechanisms of Voluntary Redundancy (VR) and Voluntary Severance (VS) and by doing so focus the outputs of the Council into the areas of service prioritisation;
- Continue to work with partner agencies to co-produce, maximise outputs and deliver the highest quality integrated services;
- Work with the Health and Social Care Integrated Joint Board to deliver improved services;
- Use any potential underspend in Property Conservation to fund infrastructure repairs in the Council's asset portfolio;
- As part of the drive towards greater partnership working we instruct the Chief Executive to prepare a report for the March 2016 Finance and Resources Committee on the benefits, outcomes, management and improved transparency of various funding streams including grants, co-production and contracts for the voluntary sector;
- Continue to investigate alternative sources of income in line with the findings of the Commission on Local Tax Reform report;
- In 2016 close off the Property Conservation legacy issue which has caused such reputational damage to the Council;
- Instruct the Chief Executive to allocate £100,000 to develop and maintain a Common Good Asset Register and deliver a report to the Council in June 2016 detailing progress;
- Continue to work with Police Scotland through the agreed Service Level Agreement to ensure that we get the support we require both as Scotland's capital city and a city of communities each with their own specific needs and instruct the Chief Executive to review the Service Level Agreement with

Police Scotland annually to ensure efficient and effective delivery of service;

- Reduce energy consumption across the Council estate by 10% in cash terms in 2016/17 and to work with partners to develop an energy reduction unit in the Council which will deliver net savings of £1million in 2016/17;
- Work with communities, organisations and individuals to ensure greater commitment to participatory budgeting firstly at a local level then moving on to a strategic level and
- Establish a mid-term budget review meeting of the Council which will monitor progress against the Coalition financial commitments and act as an early warning system to highlight potential risks

5 Conclusions

Council notes:

- The report by the Acting Executive Director of Resources setting out the Revenue and Capital Budget framework;
- The report by the Acting Executive Director of Resources setting out the potential Equality rights and Carbon risks associated with the Revenue Budget framework;
- The consultation undertaken and the continuing commitment to increasing participatory budgeting in setting future budgets;
- The continuing review of the role of the Third Sector including partnership working, grants and the mechanism for future delivery of services;
- The impact on the Council's estate of the implementation of the Community Empowerment (Scotland) 2015 Act and
- The outcomes of the transformation programme and the operational function to deliver high quality, efficient and effective services within a pre-determined budget limit.

Council approves:

- Appendix 1
- Appendix 2
- The Revenue Budget set out in the reports, subject to the adjustments in Appendix 3 to this motion;
- The 2016/21 Capital Budget as set out in the report by the Acting Executive Director of Resources;
- A band 'D' Council Tax of £1,169;

- The Council Tax and Rating Resolution set out in Appendix 4 to this motion;
- The schedule of charges for Council Services as set out in Appendix 5 to this motion;
- The prudential indicators as set out in Appendix 6 to this motion; and
- The recommendation by the Executive Director of Place to increase rents by 2% and the outline 5-year Housing Revenue Account Capital programme for 2016/2021;

Council agrees the Council Business Plan for 2016-20.

Council refers the Council Business Plan 2016-20 to the Corporate Policy and Strategy Committee for further scrutiny.

APPENDIX 1 TO THE CAPITAL COALITION MOTION

Ensuring every child has the best start in life

Ensuring that every child has a first-class education is one of our most important pledges. We currently spend £234million on education and we will be increasing this funding by £1.8million a year to meet the costs of an increasing number of school pupils. We believe that we can generate additional income by opening up our school facilities to appropriate groups and individuals.

Inspectors have judged education services in Edinburgh to be good. They have commended the strong political and managerial leadership of schools, improving exam results, strong leadership of the Curriculum for Excellence and good engagement of parents and pupils. Exam results are improving every year:

- 85% of pupils in S4 achieved 5 or more awards at Level 3, an increase of 3% since 2011;
- 93% of pupils achieved Level 3 in Literacy and Numeracy by the end of S5, an increase of 12% since 2011;
- 61% of pupils gained 1 Higher or more by the end of S6, an increase of 7% since 2011 and
- 47% of pupils gained 3 Highers or more by the end of S6, an increase of 5% since 2011.

School leaver destinations have seen significant improvement year on year with the number of young people leaving school in October 2015 to a positive destination in education, employment or training at the highest it has ever been at 92.3%.

In addition, the Council is investing in new accommodation for primary schools:

- £6million to secure the cost of land to provide a permanent solution to primary school capacity and accommodation pressures in South Edinburgh;
- £5.3million to provide a new gym and dining hall, ten new class spaces and a new 3G pitch at Kirkliston Primary School;
- £3million to provide new halls at Cramond and East Craigs and extensions at Sciennes and Towerbank;
- £4.1million to provide replacement gym and nursery facilities at Leith Primary School and make the remainder of the existing Duncan Place building secure and
- £0.6million to provide a new gym hall at Buckstone Primary School

The wave 3 school replacement programme involves total investment of around £128million:

- £32million for a new Boroughmuir High School;
- £38million for a new James Gillespie's High;
- £38million for a new Portobello High School including £1million to deliver a new park on part of the existing site;
- An estimated £12million for a new St John's RC Primary School and
- An estimated £8million for a new St Crispin's Special School.

In addition:

- The Council has approved funding of £11million towards the estimated total cost of £30million to replace Queensferry High School and
- The Council has approved £0.7million towards the early design fees for a new secondary school in Craigmillar with delivery of a new facility within a 5 year programme.

Reducing poverty, inequality and deprivation

We continue to provide assistance to people who find themselves in difficult circumstances. Through the Emergency Fund we have retained our pledge to ensure that no-one is evicted from their Council tenancy through rent arrears due to the Under Occupancy Tax.

Our commitment to developing the economy and helping people back to work will enable individuals to train for the types of jobs which will support both them and the wider city region economy.

By working with the Third Sector we will grant aid projects to develop community hubs which will have additional funding of £250,000 to allow them to meet local needs. This additional funding to come from the Department of Place through budget realignment.

We have protected services for vulnerable children by:

- maintaining strong child protection services which are judged by the Care Inspectorate as being amongst the strongest in Scotland;
- keeping high levels of investment in services for looked after children and children with additional support needs/ disabilities;
- implementing self-directed support to give greater choice to families affected by disability;
- increasing our number of foster carers and kinship carers;
- increasing allowances to kinship carers;

- expanding family group decision-making and
- maintaining investment in voluntary sector provision to support children so they don't need to come into care.

The quality of our residential children's homes is consistently judged to be very good and we are rebuilding two homes over the coming years.

Providing for Edinburgh's economic growth

The Edinburgh Guarantee is a vision that all sectors in the city will work together to ensure that every young person in Edinburgh will leave school with the choice of a job, training or further education opportunity available to them.

The Modern Apprenticeships are a key part of the Edinburgh Guarantee. To date the Council has supported 210 apprentices.

Last year 39 apprentices graduated and this year that number has risen to 54. The Council also has 78 apprentices who are still working towards completing their apprenticeships.

To date, Economic Development Service (EDS) has assisted around 3,190 people into work and learning.

In 2015, EDS has supported the creation and safeguarding of 2,952 jobs.

Investment

The Edinburgh 12 has demonstrated that the value of the Council's collaborative working with the development community. Considerable progress has been made in advancing all 12 sites.

Projected economic outputs are:

- Approximately 1,822 residential units
- Gross Value Added (GVA) of approximately £2billion;
- Up to 19,021 FTE jobs and 6,777 construction jobs;
- Approximately 2,074 hotel bedrooms;
- Approximately 128,400 sq ft of Grade A office space and
- Approximately 120,400 sq ft of retail and leisure space.

Examples of achievements to date as a result of this partnership working include:

- Edinburgh St James - partnership working between the Council, Scottish Government, developer and investors resulted in the creation of the Growth Accelerator Model (GAM). The value of the works funded via the GAM will be

£61.4million;

- New Waverley - collaboration between the Council and developer has resulted in a fund of £200,000 being made available for physical improvements to the site and surrounding area, which will benefit residents, businesses and visitors;
- The Haymarket Edinburgh - the Council has facilitated high-level discussions between the developer and Network Rail, which have enabled progression of this build and
- King's Stables Road and India Buildings are progressing well and will release significant capital receipts.

Small Medium Enterprise (SME) opportunities

Creative Exchange Leith provides 80 workspaces for individuals, groups or businesses and is a hub for creative talent in the city.

Business Gateway also supports SMEs and offers access to free business support services, gives assistance and impartial advice to people starting or growing their business.

Creative Industries and SMEs

The official opening of the Edinburgh-Shenzhen Creative Industries Incubator in Shenzhen, China took place in May 2015. The opening was attended by 10 Edinburgh Companies and six of them are planning to occupy space within the incubator

City Region

The Council is working in partnership with neighbouring authorities (East Lothian, Fife, Midlothian, Scottish Borders, and West Lothian Councils) and other partners on the development of a City Region Deal bid to the Westminster and Scottish Governments.

This City Deal aims to accelerate regional economic growth and reduce inequalities, by securing additional investment and decision-making powers from the United Kingdom and Scottish Governments to stimulate private sector investment, drive innovation, unlock synergies, and deliver the improvements to our regional infrastructure and skills base necessary to achieve a step change in economic performance.

An outline bid was submitted to the Westminster and Scottish Governments on 4th September 2015, with further information provided on 18th December 2015, and we are now awaiting a formal response so the proposition can be taken to the next stage of development and any budgetary implications for the Council quantified.

On award of a City Deal in 2016/17 further detailed work will be undertaken to provide a financial strategy to support the project.

Strengthening and supporting our communities and keeping them safe

The budget motion of 2014 identified £1million capital to upgrade the current Public Space analogue CCTV system to a new digital platform. The CCTV Investment Project Manager is working with the Council's new ICT partners CGI to produce an Outline Business Specification, which will set out the proposed options for upgrading the system.

The development of an open protocol operating system will allow integration of other Council CCTV services to provide a single more efficient service; This integrated model will also include our partners who currently have access to and usage of the system from their respective locations – Lothian Buses, Police Scotland, Scottish Fire and Rescue Service and Urban Traffic Control. Consideration will also be given to working more closely with other CCTV providers, such as tram and business improvement districts.

The high cost of privately renting or owning a home in Edinburgh is increasing the cost of living for many families on low to middle incomes already struggling to cope. This is why the HRA budget sets out the Capital Coalition's ambitious plans to tackle the city's housing crisis by expanding the Council led house building programme to build 8,000 new affordable homes over 10 years. This investment will generate benefits to the local and national economy of around £2billion, sustain 1500 new jobs and bring in additional council tax revenue at a time when the council's resources are severely constrained.

Discussions have taken place with not-for-profit Housing Associations who have agreed to match the council's commitment bringing the total number of new affordable homes in the city up to 16,000 over 10 years.

Existing council tenants are among the most hard pressed financially and we have consulted widely with them in preparing this budget. The consultation showed that increased house building was the top priority for tenants, followed by investment to reduce their energy costs through replacement heating, cheaper energy and better advice services.

The strategy will also look at other measures that will have a big impact on tenants cost of living, including cheaper broadband, discount cards and making land available to support tenants to grow fruit and vegetables.

All this will be achieved through a combination of making the housing service leaner; making efficiencies in service delivery and through modest rent increases of 2%, ensuring that we keep rents affordable, whilst delivering tenants priorities to reduce their cost of living.

Ensuring Edinburgh and its residents are well cared for

- The Shared Repairs Service enters a new phase of its development following a successful pilot scheme in 2015. Phase 2 of the Shared Repairs roll-out commences in April 2016;
- The Castle Craggs day care and respite service for people with autism and a

learning disability is now operational and is the first of its kind in Scotland, offering 20 day support service places and overnight accommodation for six people;

- The Council working with its partner organisations opened the Milestone residential unit for people with alcohol related brain damage (ARBD);
- The Firrhill Technology Hub has developed an innovative approach to help disabled people maximise their independence by using mobile computing devices;
- The Royston care home for older people will open by June 2016, offering state of the art facilities from 60 beds and able to look after residents whose higher levels of need mean many other Edinburgh care homes are unsuitable;
- Use the integration of Health and Social Care and the establishment of the Integrated Joint Board to deliver effective services at a lower cost;
- Improve services for people with complex needs through the “Inclusive Edinburgh” review, many of whom may struggle with homelessness, unemployment, drug and alcohol problems, mental or physical ill-health, and who are often the victims of violence and
- Tackle domestic abuse through a range of process improvements across all relevant agencies to ensure services intervene early, engage with all family members, coordinate provision and deliver better outcomes.

Maintaining and enhancing the quality of life in Edinburgh

The changing face of libraries is reflected in the wide range of services on offer. The Capital Coalition continues to support the services which our libraries provide and whilst a review of library buildings will take place, the service will continue to develop along the lines of the projects which are highlighted below:

- VIP – award winning service for visually impaired people;
- GET online: BYOD (bring your own device) digital training in 6 neighbourhood libraries and other community settings and
- YouthTalk: award winning youth engagement partnership project. YouthTalk provides opportunities for young people to have a say and involvement in the delivery and development of local services.

Investment and importance of festivals to the city

Edinburgh is the world's leading festival city, attracting over 4 million visits to the capital each year which delivered an economic impact of £170million for Edinburgh and £260million for Scotland. Edinburgh's festivals are a unique cultural phenomenon and only the Olympics and football World Cup exceed the number of tickets sold in the capital each year. Including Hogmanay, the Council invests £4.3million in 11 of the 12 annual festivals which results in the creation of 5242 full-time jobs in Edinburgh and contributes £170million to the Edinburgh economy. Sports infrastructure improvements:

- Meadowbank Sports Centre is the biggest sport infrastructure project being progressed by the Council at present. The latest report, indicates a total cost of £41.1million. The Capital Coalition will consider the funding package for this project on the basis that Sportscotland contributes at least £7million;
- A new cycling hub at Hunters' Hall Park continues to make good progress with the Council investing £1.2million. Once complete, facilities at the new cycling hub will include an outdoor velodrome, cycle speedway track and bmx track as well as two 3G pitches;
- The National Performance Centre for Sport at Heriot-Watt University's Riccarton campus is making excellent progress and is scheduled to be completed in 2016. The new venue will include an indoor full-size 3G pitch with spectator seating, outdoor grass and 3G pitches as well as an indoor sports hall, gym and sports science facilities. The total project cost is over £30million with the Council investing £2.7million in partnership funding and
- After many years in development we are now moving toward opening up the Council's sports assets to the wider community with the management of many facilities transferring to Edinburgh Leisure. Edinburgh Leisure is developing a detailed business plan on this transfer and a progress report including a timeline for a phased changeover is scheduled for Spring 2016.

APPENDIX 2 TO THE CAPITAL COALITION MOTION

Despite the challenging financial situation, the Capital Coalition has prioritised a programme of specific investment over the last 12 months based on our six strategic themes: highlights of this work are listed below:

- Expanded the council-led house building programme started in 2008, to 22 sites in the city building nearly 3,000 homes and making it one of the largest house builders in the country;
- Signed a 7-year £185million ICT contract with CGI to improve services across the board from payments to schools access;
- Delivered a balanced budget in 2014/15 in spite of huge additional pressures such as the growth in demand for adult social care with a balanced budget projected for 2015/16;
- Commenced construction on new high schools at Portobello, James Gillespie's, and Boroughmuir, a new special school - St Crispin's and St John's new Primary School;
- Developed a transformation programme which is targeted at delivering at least £73million in annual savings by 2019/20;
- Developed a successful Service Level Agreement with Police Scotland which is delivering localised police services where people want them, in the heart of the community;
- Worked with Edinburgh Trams to ensure that the Tram service exceeds patronage and revenue targets;
- Put in place a mechanism to improve our generation of income through new and innovative sources with a target of £1million set for 2016/17;
- Discussed with the Scottish Government issues following publication of the Commission on Local Tax Reform report;
- Established the Health and Social Care Integrated Joint Board for better, more efficient delivery of health and social care services;
- Moved towards a substantial resolution of the complex legacy issues surrounding the Property Care and Property Conservation services and initiated the new Shared Repairs Service;
- Established a register for the City's Common Good assets in order that they be monitored and protected;
- Continued to support economic growth;

- Improved employment levels especially among school leavers and those seeking employment;
- Developed a culture of promoting sustainability and published a Sustainable Energy Action Plan;
- Proposed a detailed implementation plan for the re-structuring of Asset Management including facilities management, estate rationalisation, the Council's investment portfolio and asset conditions report and
- Started work on a further new care home;

Indicator 2 - Ratio of Financing Costs to Net Revenue Stream

Estimates of the ratio of financing costs to net revenue stream for the current and future years and the actual figures for 2014/15 are:

	Ratio of Financing Costs to Net Revenue Stream						
	2014/15	2015/16	2016/17	2017/18	2018/19	2019/20	2020/21

HRA	36.01	35.40	36.64	39.33	40.73	42.49	44.60

Note: Figures for 2017/18 onwards are indicative as the Council has not set a General Services or HRA has set a budget for these years. The figures for General Services are based on the current long term financial plan that ends to 2019/20. HRA figures are based on the current business plan.

The estimates of financing costs include current commitments and the proposals in this budget.

Indicator 3 - Capital Financing Requirement

Estimates of the end of year capital financing requirement for the authority for the current and future years and the actual capital financing requirement at 31st March 2015 are:

	Capital Financing Requirement						
	2014/15	2015/16	2016/17	2017/18	2018/19	2019/20	2020/21
	Actual	Estimate	Estimate	Estimate	Estimate	Estimate	Estimate
	£m	£m	£m	£m	£m	£m	£m
General Services	1,358	1,318	1,298	1,260	1,192	1,133	1,064
HRA	368	374	378	388	407	437	475

The capital financing requirement measures the authority's underlying need to borrow for a capital purpose. In accordance with best professional practice, the Council does not associate borrowing with particular items or types of expenditure. The authority has an integrated treasury management strategy and has adopted the CIPFA Code of Practice for Treasury Management in the Public Services. The Council has, at any point in time, a number of cashflows both positive and negative, and manages its treasury position in terms of its borrowings and investments in accordance with its approved treasury management strategy and practices. In day to day cash management, no distinction can be made between revenue cash and capital cash. External borrowing arises as a consequence of all the financial transactions of the authority and not simply those arising from capital spending. In contrast, the capital financing requirement reflects the authority's underlying need to borrow for a capital purpose.

CIPFA's Prudential Code for Capital Finance in Local Authorities includes the following as a key indicator of prudence:

"In order to ensure that the medium term debt will only be for a capital purpose, the local authority should ensure that debt does not, except in the short term, exceed the total of capital financing requirement in the preceding year plus the estimates of any additional capital financing requirement for the current and next two financial years."

	Gross Debt and the Capital Financing Requirement						
	2014/15	2015/16	2016/17	2017/18	2018/19	2019/20	2020/21
	Actual	Estimate	Estimate	Estimate	Estimate	Estimate	Estimate
	£m	£m	£m	£m	£m	£m	£m
Gross Debt	1,629	1,576	1,516	1,454	1,441	1,410	1,377
Capital Financing requirements	1,726	1,692	1,676	1,648	1,599	1,571	1,539
(Over) / under limit by:	97	115	159	194	158	161	162

The Council's Capital Financing Requirement (CFR) is projected to reduce by £34m during 2015/16 as repayments for previous capital advances are higher than advances for in year expenditure. At 31/03/15, the authority was under borrowed by £97m. Current projections suggest that the authority will be under borrowed by approximately £115m at 31/03/16, although this may vary in light of actual capital expenditure and market conditions. This movement is a result of the reduction in CFR, partially offset by maturing external debt.

As demonstrated above, the authority does not currently envisage borrowing in excess of its capital financing requirement over the next few years. This view takes into account current commitments, existing plans, the repayment of the outstanding capital advance on the EICC - additional function space project following future receipt settlement, assumptions around cash balances and the proposals in this budget.

Indicator 4 – Authorised Limit for External Debt

The authorised limit should reflect a level of borrowing which, while not desired, could be afforded, but may not be sustainable. Previously, the definition of long term liabilities was used to include funding required in respect of finance leases and PFI assets. In light of proposed changes to Financing Regulations which are likely to come into force from 1 April 2016, the definition of 'credit arrangements' has been used to calculate the authorised and operational limits requiring both the short and long term liabilities relating to finance leases and PFI assets to be considered rather than solely long term liabilities as before. In respect of its external debt, it is recommended that Council approves the following authorised limits for its total external debt gross of investments for the next five financial years. These limits separately identify borrowing under credit arrangements including finance leases and PFI assets. Council is asked to approve these limits and to delegate authority to the Acting Executive Director of Resources / Head of Finance, within the total limit for any individual year, to effect movement between the separately agreed limits for borrowing and credit arrangements, in accordance with option appraisal and best value for money for the authority. Any such changes made will be reported to the Council at its meeting following the change:

Borrowing	1,591	1,617	1,631	1,559	1,508
Credit Arrangements	227	216	205	196	188
	1,818	1,833	1,836	1,755	1,695

These authorised limits are consistent with the authority's current commitments, existing plans and the proposals in this budget for capital expenditure and financing, and with its approved treasury management policy statement and practices. They are based on the estimate of most likely, prudent but not worst case scenario, with in addition sufficient headroom over and above this to allow for operational management, for example unusual cash movements. Risk analysis and risk management strategies have been taken into account, as have plans for capital expenditure, estimates of the capital financing requirement and estimates of cashflow requirements for all purposes.

Indicator 5 – Operational Boundary for External Debt

The Council is also asked to approve the following operational boundary for external debt for the same time period. The proposed operational boundary equates to the estimated maximum of external debt. It is based on the same estimates as the authorised limit but reflects directly the estimate of the most likely, prudent but not worst case scenario, without the additional headroom included within the authorised limit to allow for example for unusual cash movements. The operational boundary represents a key management tool for in year monitoring. Within the operational boundary, figures for borrowing and credit arrangements are separately identified. The Council is also asked to delegate authority to the Acting Executive Director of Resources / Head of Finance, within the total operational boundary for any individual year, to effect movement between the separately agreed figures for borrowing and credit arrangements, in a similar fashion to the authorised limit. Any such changes will be reported to the Council at its next meeting following the change:

	Operational Boundary for External Debt				
	2016/17	2017/18	2018/19	2019/20	2020/21
	Estimate	Estimate	Estimate	Estimate	Estimate
	£m	£m	£m	£m	£m
Borrowing	1,491	1,487	1,521	1,479	1,457
Credit Arrangements	227	216	205	196	188
	1,718	1,703	1,726	1,675	1,645

The Council's actual external debt at 31st March 2015 was £1,430.711m, comprising borrowing (including sums repayable within 12 months). Of this sum, £21.454m relates to borrowing carried out by the Council on behalf of the former Police and Fire Joint Boards.

In taking its decisions on this budget, the Council is asked to note that the estimate of capital expenditure determined for 2015/16 (see paragraph 1 above) will be the statutory limit determined under section 35(1) of the Local Government in Scotland Act 2003.

Indicator 6 – Impact on Council Tax and House Rents

The estimate of the incremental impact of capital investment decisions proposed in this budget, together with changes in projected interest rates, over and above capital investment decisions that have previously been taken by the Council are:

a) for the band "D" Council Tax

2016/17	2017/18	2018/19	2019/20	2020/21
£	£	£	£	£
2.46	9.19	13.69	18.05	N/A

b) for average weekly housing rents

2016/17	2017/18	2018/19	2019/20	2020/21
£	£	£	£	£
-0.19	-0.68	-0.50	0.55	3.50

In calculating the incremental impact of capital investment decisions on the band "D" Council Tax, investment decisions relating to National Housing Trust Phases have been omitted. As agreed with the Scottish Government, the borrowing and associated interest costs related to this expenditure are directly rechargeable to the Limited Liability Partnerships (LLPs) at agreed periods in the future. As such, there is no cost to the Council in relation to this element of borrowing and therefore it has been omitted in calculating the incremental impact of capital investment decisions.

Consideration of options for the capital programme

In considering its programme for capital investment, Council is required within the Prudential Code to have regard to:

- affordability, e.g., implications for Council Tax / House Rents;
- prudence and sustainability, e.g., implications for external borrowing;
- value for money, e.g., option appraisal;
- stewardship of assets, e.g., asset management planning;
- service objectives, e.g., strategic planning for the authority;
- practicality, e.g., achievability of the forward plan.

A key measure of affordability is the incremental impact on the Council Tax / rents, and the Council could consider different options for its capital investment programme in relation to their differential impact on the Council Tax / rents.

Indicators included in Treasury Management Strategy

The Council's treasury management strategy and annual plan for 2016/17 will include the following:

- The Council has adopted the CIPFA Code of Practice for Treasury Management in the Public Services;
- It is recommended that the Council sets an upper limit on its fixed interest rate exposures for 2016/17, 2017/18, 2018/19, 2019/20 and 2020/21 of 100% of its net outstanding principal sums;
- It is further recommended that the Council sets an upper limit on its variable interest rate exposures for 2016/17, 2017/18, 2018/19, 2019/20 and 2020/21 of 75% of its net outstanding principal sums;
- This means that the Acting Executive Director of Resources / Head of Finance will manage fixed interest rate exposures within the range 25% to 100% and variable interest rate exposures within the range 0% to 75%. This reflects the need for a high level of liquidity to assist in managing counterparty exposure in the current market environment;
- It is recommended that the Council sets upper and lower limits for the maturity structure of its borrowing as follows.

Amount of projected borrowing that is fixed rate maturing in each period as a percentage of total projected borrowing that is fixed rate:

	Upper Limit	Lower Limit
	%	%
under 12 months	25	0
12 months and within 24 months	25	0
24 months and within 5 years	50	0
5 years and within 10 years	75	0
10 years and above	100	20

The maximum total principal sum which may be invested with a maturity of up to 3 years is £100m.

In relation to Gross and Net Debt, the Council will continue its current practice of monitoring throughout the year that the projected Gross Debt position for the financial year does not, except in the short term, exceed the total of capital financing requirement in the preceding year plus the estimates of any additional capital financing requirement for the current and next two financial years.

HOUSING REVENUE ACCOUNT – BUDGET STRATEGY 2016/17 TO 2020/21

2016-20 REVENUE AND CAPITAL BUDGET FRAMEWORK

CONSERVATIVE GROUP AMENDMENT

Council:

Considers there has been a failure by the current Council Administration to maximise efficiency and effectiveness of Council Services meaning four wasted years without an effective transformation strategy. This compounds the failings under the previous Administration which have contributed to four years of waste in the use of taxpayers money. Notes that this failure means increasing pressure on services that are facing further financial restrictions and that, without greater efficiencies, investment and improved productivity the Council will be unable to sustain service levels and improve service performance in future years.

- 1) Continues to regret the rejection of the proposed Alternative Business Model Programme (ABM) in 2011/12 which would have delivered £40m of additional savings in comparison to the Public Sector Comparator and notes that this shortfall has now increased to at least £70m. Notes that the iPFM programme has delivered negligible savings against the estimated annual savings of £8m which were underpinned by contractual commitments within the partnership arrangements which were recommended to the Council.
- 2) Agrees that the Council must give absolute priority to ensuring that savings identified are both achievable and delivered. Notes the risks involved in the Administration's future savings plans and their poor track record of delivery to date with missed targets and under achievement of cost reductions in programmes and services including BOLD; Priority Based Planning; iPFM; Environment; and Health and Social Care.
- 3) Agrees that, in the challenging circumstances facing the Council, the leadership of elected members and confidence of staff in decision-making and change management of Chief Officers will be critical. Notes the extremely disappointing results of the recent staff survey with only 25% of staff agreeing that change is managed well and only 26% having confidence in senior management decision-making.
- 4) Notes that the failure by the current and previous Administrations to maximise efficiency and effectiveness of Council Services means increasing pressure on services with estimated residual shortfalls of £9m in Corporate Property and £7m in Health and Social Care requiring to be offset by the identification of additional savings in 2016/17.

- 5) Welcomes the belated moves by the Administration to implement measures in areas previously proposed by the Conservative Group including workforce planning and prioritisation; management reductions; productivity improvements; and savings on stair lighting and shared repairs. However, Council notes that these programmes could have been delivered over a longer timescale, with less stress for staff, at a lower cost to the taxpayer and with more measured changes to services had they been begun when first proposed by the Conservative Group.
- 6) Rejects political calls for an increase in Council Tax or selected increases to create a “Mansion tax” which are both unnecessary and ill-conceived.

Budget 2016/17

Considers that there has been a failure by the Administration to provide leadership in the development of a sufficiently comprehensive change plan to address the financial challenges over the medium term and that proposals to date by the Administration do not fully address the savings required or set out in an open and comprehensive manner how changes will be implemented or services delivered in future.

On specific budgetary proposals Council:

- 7) Rejects the Administration’s proposals to increase charges for residents’ parking permits by 5% in 2016/17 and increase pay and display parking charges by 18% over 4 years which will have a damaging effect on city centre retail and commerce. Agrees to freeze residents’ permits at current levels and increase on-street parking fees at 2% per annum.
- 8) Recognises the feedback from the public engagement exercise and rejects the Administration’s proposal to reduce funding for the music instruction service by 75%.
- 9) Rejects the Administration’s proposals for reduced opening hours in museums and other cultural venues and instructs the Chief Executive to develop proposals for a Cultural trust to realise these savings in an alternative manner through tax efficient methods and to instil further innovation in this service.
- 10) Rejects the Administration’s current proposed network of 20mph roads and agrees that there are other road safety measures which should be prioritised in the meantime such as fixing potholes and broken pavements which would improve safety for pedestrians, cyclists and public transport and other vehicle drivers.
- 11) Rejects the Administration’s proposals to increase health and social care charges for residential accommodation and telecare by 4% and restricts increases to 2% in 2016/17.
- 12) Agrees that as the cost of Stair lighting falls through investment of spend to save resources in more energy efficient lighting the cost of energy and repairs and maintenance should be passed to owners providing equity between factored and non-factored properties and making a saving in the Council budget by relieving the general taxpayer of this burden which benefits only a limited number of residents in an inequitable manner.

- 13) Rejects the Administration's proposals for the shared repairs service and agrees to provide an emergency repairs service only. Instructs the Acting Executive Director of Resources to investigate new methods of providing information and advice to owners on legal and other mechanisms to achieve property repairs and to further investigate mechanisms to ensure residents pay for their own professional advice in relation to their properties. This with a view to reducing the unrecoverable burden on the general taxpayer over the coming years.
- 14) Rejects the Administration's proposals to: increase allotment rents by 10%; reduce related waste collection and pest control services; reduce gully cleaning; and reduce bus stops and shelters maintenance.
- 15) Instructs the Executive Director of Place to assess the condition of public toilets closed following last year's budget and report back the outcome, highlighting which could be reopened in the 2016/17 financial year and costs of upgrading others.
- 16) Agrees to terminate the Council's membership of the Convention of Scottish Local Authorities.
- 17) Rejects the following savings options: withdrawal of the night noise team; withdraw the school crossing service at lunchtimes; community centre staff reduction; removal of funding from schools for additional family and pupil support; and redesign of day services for adults with learning disabilities.

Priority Areas

- 18) Agrees to fully reinvest savings achieved through improved efficiencies in home care services into reablement and community services.
- 19) Reprioritises £2.5m of funding from the Strategic Acquisition Fund and approves £3.5m of additional investment in efficient and effective road repairs, including completion of urgent works at Picardy Place/Leith walk area.
- 20) Approves £3.5m of additional revenue funding for effective and efficient repair of property to prolong the life of the repairs delivered.
- 21) Recognises the material change in the Council's financial circumstances arising from the Local Government Finance Settlement announcement in December and agrees to proceed with the procurement of an Enterprise Wide Strategic Partner for Asset Management which offers nearly £40m of additional net savings to the Council over a 10 year period.
- 22) Approves £55m of additional capital investment to address the implications of rising school rolls in South Edinburgh; deliver the new Dumbryden care home, replacing two older care homes; and earmark funding to rebuild Meadowbank Sports Centre.
- 23) Approves additional expenditure of £25,000 for compacting bins to improve street cleanliness and achieve greater efficiency in refuse collection. Further approves revenue expenditure of £15,000 to instigate a gull de-nesting service.

- 24) Agrees to ring-fence a proportion of any capital receipts arising from Panmure School pending assessment of any associated capital investment requirement arising from a possible increased capacity in pupils attending Gorgie Mills School.
- 25) Notes the Administration's pledge to commit 5% of the roads and transport budget to cycling has risen to 9% and recognises that the backlog in road and footway works makes this commitment unaffordable and rejects the Administration's proposal to ring-fence further uplifts for cycling, these resources to be committed to roads and pavements repairs which will be prioritised to improve safety for all road and pavement users.

Risks and Reserves

Council:

- 26) Notes the report by the Acting Executive Director of Resources setting out the significant risks associated with the Administration's budget proposals including:
- Risks associated with the delivery of major projects, savings proposals, transformation programme and affordability of severance costs;
 - The risk that the current level of provision for demographic changes may not be sufficient to meet the actual cost pressures;
 - assumptions on Financial Settlements and wider fiscal policy considerations;
 - the deliverability of services within the baseline level of available resources.
- 27) Accepts that, at a time of increasing risk, significant budget reductions and implementation of transformational change, the Council should increase reserves to reflect the greater volatility of its budget and agrees to reprioritise £3m from the Strategic Acquisition Fund to Unallocated General Fund reserves.

Budget 2016/17 – Development of a Sustainable Financial Strategy

Council:

- 28) Agrees that the priority for the Council must be the efficient delivery of front line services and that it will engage positively in transformational change to ensure the Council:
- serves the citizens of Edinburgh more efficiently;
 - puts the customer at the heart of all the Council does;
 - delivers high quality services at the best possible price.
- 29) Recognises that it is the quality of service that is important not whom it is delivered by and commits to considering all methods of service delivery to improve quality and reduce cost to the taxpayer thus maintaining and improving services.
- 30) Agrees to remove the self imposed political restrictions of the Administration with a view to creating a far more impactful change plan that will deliver greater channel shift and new and efficient partnership ways of working.

31) Council acknowledges the fundamental change in financial circumstances arising from the Scottish Government Draft Budget and agrees to reverse the decision to proceed with phase 1 of the Tram extension project and reprioritises £5m of dividend income from Lothian Buses to establish a Change Fund to develop a comprehensive change plan to address the financial challenges over the medium term including:-

- Prioritisation of the Commercial Excellence programme to market test Roads and Environmental services to provide quality services at the best possible price, delivering significant savings from 2017/18.
- The greatly accelerated development of Shared services proposals which have shown very limited impact under this and previous administrations.
- Provision of further Spend to Save funding to accelerate and maximise savings through Channel Shift.
- Implementation of a cultural trust and examination of opportunities to extend this to include libraries and other services.

The entirety of the above to transform the service delivery, quality and efficiency of the Council, delivering better services for less.

Conclusions

Council notes:

- The report by the Acting Executive Director of Resources setting out the Revenue and Capital Budget framework;
- The report by the Chief Executive providing an overview of feedback and engagement;
- The reports by the Acting Executive Director of Resources setting out the equality and rights and carbon, climate and sustainability impact assessments;
- The report by the Executive Director of Place setting out the proposals for the Housing Revenue Account budget

Council approves:

- The revenue budget set out in the reports, subject to the amendments set out in Appendix 1 to this motion
- A band D Council Tax of £1,169 for 2016/17;
- The Council Tax and Rating resolution as set out in Appendix 2 to this motion;
- The 2016-17 to 20-21 Capital Investment Programme as set out in the report by the Acting Executive Director of Resources, subject to the amendments set out in Appendix 3 to this motion;
- The recommendations contained in the report by the Executive Director of Place to increase rents by 2% in 2016/17 and the outline 5 year Housing Revenue Account Capital programme for 2016/2021
- A further report to be submitted to seek approval of revised charges for Council services, the outcomes of which are contained in Appendix 1 to this amendment.

Council notes the Council Business Plan 2016-20.

Council refers the Council Business Plan 2016-20 to Corporate Policy and Strategy Committee for consideration and scrutiny as there has been no consultation with opposition Councillors or the public prior to the presentation of this report to Council.

2016-20 REVENUE AND CAPITAL BUDGET FRAMEWORK

GREEN GROUP AMENDMENT

Introduction

1. The Green Group welcomes the opportunity to contribute to the debate about the city's budget and we pay tribute to the hard work of staff in preparing the budget papers and in increasing public engagement in the budget this year.
2. We also thank all the people in Edinburgh who took time to give us their views on the budget. The best way of showing appreciation is that we, as a council, take heed of what they tell us. The Green Group has sought to do this where possible, while still recognising that the funding settlement for local government, and the broader arrangements for financing local government present many unpalatable choices for the council.
3. In particular, we note that **63% of budget responses supported increasing the council tax** as one of the means by which the council should bridge the budget gap. In offering this view, the people of Edinburgh demonstrate a rejection of the false dogma of austerity; an appetite for proper funding of public services; and a maturity about that debate which defies sterile mainstream political narratives. We believe that the council owes it to the city to ensure that the debate *outside* the city chambers is also heard *inside* the city chambers.
4. Local government funding is broken. The council tax freeze has amplified a fundamentally badly designed tax, compounded by the centralisation of non-domestic rates. The Commission on Local Tax Reform offers a prospectus for reform and more effective funding system. But a new system will take some years to implement. Decent services cannot wait that long. Bolder choices are needed in the short term well.

Green budget choices

5. The Green Group has sought to prioritise its budget plans to reflect three priority areas:

- Investing in social care for the city's frail elderly and disabled citizens
- Backing schools to provide the best springboard for our children and young people
- Protecting our most vulnerable children

We have also recognised the need to support services in highly-regarded or vital services: libraries and leisure centres; community centres; homelessness; and parks and green space.

6. The choices we have made result in **an additional £10 million** being available to head off what we regard as the most unpalatable cuts; in addition to well over £3 million in additional savings to meet the above priorities.

Investing in social care

7. Social care for older and disabled citizens is in crisis. Every week around 5,000 hours of care go unmet.

8. We reject seven of the most damaging cuts proposed in the draft budget framework which would have taken **£3.85m out of social care in 2016-17 alone**. Those rejected proposals include setting up a local authority trading company for care which we regard as weakly-scoped and poorly-evidenced.

9. In addition, **we are proposing £1.76 million to invest in a "Living Wage Plus"** for staff working in social care, under contract to the council. The additional investment will be used to ensure that staff are paid £9 an hour, creating a clear premium for care work over and above Living Wage, and therefore increasing recruitment and retention of staff to meet need, while signalling the huge value of care provision.

Backing the city's schools

10. Our primary, secondary and special schools are and should be a source of pride to the city. Investing in schools is investing in our young people and in our city's future.

11. We reject cuts to:

- Special school support staff
- Family and pupil support
- Social and behavioural support
- School road safety crossing patrols

12. We have listened carefully to concerns from parents and teachers about the impact of loss of business support within schools and therefore allocate **£1 million to mitigate those cuts** pending further clarity on the scope and nature of the cuts.

13. **We reject in full the £1.668 million cut to the school music service** in years 2-4 of the budget framework. While we support a review of the service to ensure greater breadth of coverage and greater inclusion and note the possibility of savings being identified we believe that any possible savings should follow after a review, not labour under the shadow of cuts.

14. Further, **we propose an additional £8.6m**, over the budget framework period, to tackle the **backlog of school repairs and preventative maintenance** to ensure that our children and young people are able to learn in an environment which is safe, secure and allows them to flourish.

Protecting vulnerable children

15. Our schools priorities above give additional priority to vulnerable children. However, we also recognise the challenges which face some of the city's most disadvantaged children and young people. In that context we reject:

- Cuts to advocacy services
- Cuts to family-based care and through-care
- Closure of Hillview respite centre for disabled children
- Disability respite service cuts
- Cuts to parenting and family support

Defending community and lifeline services

16. We note that community centres and community learning and development have been targeted for successive cuts over the last 3 years and **so we reject £930,000 of further cuts** to that area.

17. We also seek to support Edinburgh Leisure and note the continuing threat of swimming pool and leisure centre closures and **we therefore re-instate £334,000 grant, rising to £741,000** in years 2-4.

18. We recognise that libraries are within the scope of the property review process but believe that it is premature to allocate service cuts and closures to libraries and **so we reject the libraries cut** throughout the budget framework period.

19. We recognise the success of many of our parks in achieving green flag status and believe that this is put at risk by cuts of £207,000 rising to £443,000 in the parks and greenspace budget; we therefore reject that.

20. Finally, we note that homelessness services have been subject to cuts of £2.3 million in the last three years. So we believe that the redesign of services should be with funding of £229,000 rising to £327,000 reinstated.

Investing in the city

21. The council has a significant capital programme and relatively modest scope to increase investment in the short term. Nevertheless, we reallocate some capital from city programmes to fund improvements in parks and play areas throughout the city.
22. We note the expiry of the Central Energy Efficiency Fund in March 2016 but strongly support its continuation after that date, potentially match-funded through SALIX to create a programme of **over £1.6 million which can support an energy conservation** programme in public buildings.
23. We also reallocate money within the Capital Fund for **almost £6 million of additional investment in health, safety and preventative repairs** and maintenance in public buildings and the wider estate.
24. We recognise ongoing negotiation for a City Region City Deal and welcome a **Green City Deal**, with a particular focus on sustainable place-making, active and healthy travel and supporting decentralised and flexible working. We look forward, as part of that, to securing powers to introduce a tourist levy which could add around **£11 million a year to revenue or support capital investment**.
25. Finally, we re-echo our call from 2015 to **secure the future of Meadowbank Sports Stadium**. We are *provisionally* allocating funding in our revenue budget to support the acceleration of capital funding to bridge the funding gap, while recognising the need for some further clarity on the scale and timing of that funding gap. That leaves sufficient room for manoeuvre within the capital programme also to make progress in meeting other future priorities such as a new school for south Edinburgh.

Paying for investment: thawing the council tax freeze

26. Our investment of £10 million in heading off the worst cuts and boosting priority areas of schools and social care comes at a price. We propose a council tax rise of 4.3%, equivalent to £50 a year in band D, or 97p a week. That will see band D council tax rise to £1,219 a year, compared to the £1,429 it would have been had council tax risen by CPI since 2007-08. We also propose a 1% additional rise in council tax in years 2-4 of the budget framework.
27. In putting before the council the choice of raising council tax we have been mindful of the potential penalties from the council exercising its democratic right to raise revenue. We have studied closely the Local Government Finance Circular 7/2015 of 16 December 2015 and noted how it varies from its predecessors. We have written to the Cabinet Secretary for Finance to draw his attention to the fact that his 2011 manifesto commitment to freeze council tax throughout this parliament has already been achieved because the parliament dissolves on 23 March 2016, before the 2016-17 financial year begins. We have noted the guidance from the Chief Executive of COSLA to all council leaders that the Scottish Government has so far not clarified if and how it will penalise councils which decline to freeze council tax.
28. In light of these changes and uncertainties we believe that it is absolutely right and legitimate of the council to set a budget which incorporates a council tax rise and then challenge the Scottish Government as to whether it will indeed choose to deduct almost £7 million from funding public services in Edinburgh.

Recommendations

Council notes:

- The report by the Acting Executive Director of Resources setting out the revenue and capital budget framework.
- The report by the Acting Executive Director of Resources setting out the potential equality and rights risks associated with the revenue budget framework; and the report on carbon emissions impact assessment, noting, however, concerns raised in report 7.10 on the capital programme that comprehensive and ongoing assessment of carbon and sustainability impacts is currently weak.
- The report on corporate governance payments to third parties amid ongoing concern about the scale of funding cuts in train; and the need to recognise the huge value of the city's locally-based voluntary sector.
- The Council Business Plan 2016-20 and the need for priority focus in transformation programmes to be on improving and streamlining services for service users and empowering frontline staff.

Council approves:

- The revenue budget set out in the reports, subject to the amendments set out in Appendix 1 to this motion;
- A band D Council Tax of £1,219;
- The Council Tax and Rating resolution as set out in Appendix 2 to this motion;
- The 2015 to 2020 capital budget as set out in the report by the Director of Corporate Governance, subject to the amendments set out in Appendix 3 to this motion;
- A further report to be submitted to seek approval of revised charges for Council services, the outcomes of which are contained in Annex 1 to this amendment;
- The recommendations contained in the Housing Revenue Account report by the Executive Director of Place to increase rents by 2%, and the outline 5 year HRA capital programme for 2016 to 2021.

REVENUE BUDGET 2016/17

CAPITAL INVESTMENT PROGRAMME/PLAN 2016/17 to 2023/24

HOUSING REVENUE ACCOUNT – BUDGET STRATEGY 2016/17 TO 2020/21

2016-20 REVENUE AND CAPITAL BUDGET FRAMEWORK

LIBERAL DEMOCRAT GROUP AMENDMENT

1. Context

Council notes the balanced budget position presented for 2016/17 but regrets the Labour/SNP administration's past decisions which have exacerbated the current financial difficulties. The Labour/SNP administration inherited a stable financial situation with increased reserves and balanced budget but have not maintained this. There have been missed opportunities to secure financial stability by avoiding tough decisions on ABM Environmental Services, which projected to deliver £27m of savings over seven years. The level of savings foregone could have managed many of the current pressures and led to service improvements.

Avoiding tough decisions has left the Council in a compromised financial position and made it increasingly difficult to support the most vulnerable and in need.

Added to this, the continued national freeze on Council Tax imposed by the SNP Government at Holyrood, now in its eighth year, has limited the options open to councils to raise more revenue.

2. Budget process

Financial planning

Council regrets the short term approach taken in setting the budget since 2012 with the negative impact on vulnerable groups. Council regrets that the budget in 2016/7 has suffered from the lack of longer term vision by the administration.

3. Budget proposals

Maximising resources for frontline services and the city's priorities

Council rejects the Labour/SNP administration blanket policy of no compulsory redundancies in a city with low unemployment, as this imposes restrictions on the flexibility and extent of the Transformational Change proposals. This policy does not promote the best use of resources, having the right staff in the right jobs and breeds inefficiency. The principles of the massive transformational change which the council is working towards cannot be achieved without significant workforce changes and we are unconvinced that this is achievable by voluntary actions alone.

Council views a significant number of the Labour/SNP administration's budget savings proposals to be out of alignment with Council's priorities, adversely affecting frontline services and vulnerable groups. Council rejects in whole or in part several savings proposals and plans to utilise the headroom to continue supporting those services and groups most in need.

Council furthermore again regrets the Labour/SNP administration's decision not to close Castlebrae High School and the consequent reduction in investment available for schools, care services and roads and pavements, as well as poorer likely outcomes for the pupils directly affected.

Additional targeted and sustainable investment

Council determines to protect children by ensuring that crossing patrols will continue to operate. As such the callous proposal by the administration to axe crossing attendants at lunch times will be withdrawn.

In keeping with our priorities to keep the city clean there will be further investment in the Environmental task force.

Council also agrees to honour its agreement with allotment holders and carry on with the rent levels as they are.

With an eye on the importance of culture to our city we also agree to maintain the grant to the Festivals City Theatre Trust.

Noting the mess made of the recent CLD grant process Council agrees to a further £0.125m to vital third party organisations and to maintain CLD staffing.

Noting that health and social care integration goes live on April 1st Council also agrees to maintain block Social Care Contracts and an in house service aimed at complex care. Council also agrees a further £0.500m investment in care packages to ensure that integration is properly funded and that our most vulnerable citizens are properly cared for.

Council agrees to maintain Adoption Allowance grants for young people.

4. Recommendations

Council notes:

- The reports by the Acting Executive Director of Resources setting out the revenue and capital budget framework;
- The report by the Chief Executive setting out the 2016-20 Budget Proposal overview of feedback and engagement;
- The report by the Acting Executive Director of Resources setting out the potential equality and rights risks associated with the revenue budget framework and the report on carbon emissions impact assessment;
- The Risks and Reserves report by the Acting Executive Director of Resources setting out the planned use of reserves and the current and emerging risks facing the revenue and capital budget framework;
- The report by the Executive Director of Place setting out the Housing Revenue Account budget;
- The report by the Chief Executive setting out the Council Business Plan 2016-20;
- **Council approves:**
- The revenue budget set out in the reports, subject to the amendments outlined in Annex 1 to this motion;
- A further report will be submitted to seek approval of revised charges for Council services, the outcomes of which are contained in Annex 1 to this amendment;
- The 2016/17 to 2020/21 capital budget as set out in the report by the Acting Executive Director of Resources;
- A band D Council Tax of £1,169;
- The Council Tax and Rating resolution as set out in Appendix 2 to this motion;
- The recommendations contained in the report by the Executive Director of Place to increase rents by 2%.
