

Report

Formal Establishment of the Strategic Planning Group Edinburgh Integration Joint Board

13 May 2016

Executive Summary

- 1.1 The Public Bodies (Joint Working) Scotland Act 2014 places a requirement on Integration Authorities to establish a Strategic Planning Group as a means of engaging stakeholders in:
- the production of the strategic plan; and
 - any decisions about significant changes to services to be made without revising the strategic plan
- 1.2 This report seeks the approval of the Integration Board to formally establish the Strategic Planning Group.

Recommendations

- 2.1 The Integration Joint Board is asked to approve:
- the proposed remit for the Strategic Planning Group set out in section 4.5 below
 - the proposed membership of the Strategic Planning Group set out in section 4.6 below
 - the proposed frequency of meetings set out in section 4.7
 - the proposed arrangements for the payment of expenses set out in section 4.8 below

Background

- 3.1 The Public Bodies (Joint Working) (Scotland) Act 2014 requires integration authorities to establish a Strategic Planning Group before preparing their first strategic plan. Given the tight timescales for the production of the plan, the Edinburgh Shadow Health and Social Care Partnership agreed that the Strategic Planning Group should be

established on a shadow basis prior to the formal establishment of the Edinburgh Integration Joint Board and remain in place until the first plan had been approved by the Board.

- 3.2 Following the approval of the Strategic Plan for Health and Social Care 2016 – 19 by the Integration Joint Board on 11 March 2016, the Shadow Strategic Planning Group has fulfilled its remit. In order to comply with the legislative requirements a new Strategic Planning Group needs to be formally established by the Board.

Main report

- 4.1 The role of the Strategic Planning Group as set out in the legislation is to be consulted and provide feedback:
- at each stage of the production of the Edinburgh Integration Joint Board’s strategic plans (Public Bodies (Joint Working) (Scotland) Act section 33)
 - in respect of any significant decision about the arrangements for carrying out the “integration functions” that the Partnership proposes to implement without revising the strategic plan (Public Bodies (Joint Working) (Scotland) Act section 36)

An extract from the Public Bodies (Joint Working) (Scotland) Act 2014 relating to the establishment and role of the Strategic Planning Group is attached as Appendix 1.

- 4.2 In December 2012 the Shadow Health and Social Care Partnership agreed that the strategic plan for Edinburgh should be produced in collaboration with the Strategic Planning Group rather than simply consulting the Group.
- 4.3 The Shadow Strategic Planning Group was established in February 2014 and met 12 times over the period during which the plan was produced working to the following remit:
- To:
- collaborate in the preparation of the strategic plan, including:
 - developing recommendations about the content
 - developing the plan itself, including being part of sub-groups working on aspects of the plan
 - consultation on the plan within the groups they represent and through wider public consultation

- act as a critical friend to the Integrated Joint Board when consulted on any decisions that need to be made outside the strategic planning framework or when consulted on any other matter

4.4 Individual members of the Shadow Strategic Planning Group undertook to:

- ensure that the views and interests of the stakeholder group they represent on the Strategic Planning Group are taken into account in the development of the Strategic Plan for Edinburgh
- engage actively with a wider constituency of stakeholders (groups, forums, organisations) in order to ensure that as wide a range of stakeholders as possible is able to influence the development of the Strategic Plan for Edinburgh
- make every effort to attend all meetings, workshops and other events arranged for the Group
- identify other stakeholders from their wider constituency with relevant knowledge and experience to join working groups involved in producing specific sections of the strategic plan
- commit to working in a collaborative way with other members of the Strategic Planning Group, officers of the Council and NHS Lothian and other stakeholders
- actively facilitate and participate in public consultation on the draft strategic plan for Edinburgh

4.5 **Proposed remit of the Strategic Planning Group**

Following discussion at the Strategic Planning Group on 11 January 2016 it was proposed that the remit of the Group going forward should be to:

- review detailed business cases and change plans on behalf of the Integration Joint Board to ensure they are robust and meet the aims of the strategic plan
- provide assurance to the Integration Joint Board that there has been appropriate consultation and engagement in line with the statutory responsibilities of the IJB for any service changes
- review the planning structures in place and provide assurance to the Integration Joint Board that appropriate planning mechanisms exist within the partnership, and between the partnership and key stakeholders

- provide a forum for discussion and debate in relation to emerging themes and national or local initiatives which emerge following the finalisation of the 2016-2019 strategic plan
- receives updated Joint Strategic Needs Assessment and performance information as this emerges to inform the annual review of the Strategic Plan
- collaborate on the production of future iterations of the strategic plan
- oversees delivery of the strategic plan on behalf of the Integration Joint Board

In order to undertake this remit it was also suggested that the Strategic Planning Group should develop a set of decision making criteria and framework for the review and prioritisation of business cases early in 2016/17.

4.6 Proposed membership of the Strategic Planning Group

The Public Bodies (Joint Working) (Scotland) Act 2014 sets out a list of bodies that must be represented on the Strategic Planning Group each integration authority can determine how members of the Strategic Planning Group will be appointed and can add to this membership if it chooses to do so. The bodies that must be represented are detailed in Appendix 2.

It is proposed that the approach taken to establishing the Shadow Strategic Planning Group is continued so that:

- there are clear links between the membership of the Integration Joint Board and the Strategic Planning Group
- where appropriate members of the Strategic Planning Group are nominated by the bodies they are representing and are supported to actively engage with their wider constituency of groups and individuals
- the role of individual members of the Strategic Planning Group remains as set out in section 4.4 above

The proposed arrangements for establishing membership of the Strategic Planning Group are detailed in the table below:

4.7 Frequency of meetings

It is proposed that the Strategic Planning Group should meet monthly for 2 – 3 hours.

4.8 **Payment of expenses**

It is proposed that reasonable expenses should be paid to those members of the Strategic Planning Group who incur additional expenditure in connection with attendance at meetings of the Group.

Key risks

If the Strategic Planning Group is not formally established by the Integration Joint Board the requirements of the Public Bodies (Joint Working) (Scotland) Act 2014 will not be met.

Financial implications

The Strategic Planning Group will require a small budget to meet the cost of room hire and the expenses incurred by individual members. Whilst every effort will be made to hold regular meetings at venues where no cost is incurred it may be necessary to pay for room hire in connection with special events such as consultation exercises. During 2015 costs associated with the operation of the Strategic Planning Group and production of the strategic plan were just short of £3,000.

Involving people

The report contains proposals for the formal establishment of the Strategic Planning Group which is a key mechanism for ensuring that stakeholders including those who receive and provide health and social care services are involved in the planning of those services.

Impact on plans of other parties

There is no impact on the plans of other parties.

Whilst having no direct link to any specific priority the proposals in this report set out the arrangements for the establishment of a Strategic Planning Group that will have oversight of progress in delivering all priorities.
