“Committee:

1) Notes the results of the Spokes "Low Cost Ways to Boost Cycle Use" summer competition, which were announced on 11 September 2017, and which attracted a record 57 entries: <http://www.spokes.org.uk/2017/09/no-way-and-1-way-problems-win->

## [our-low-cost-competition/](#)

- 2) Notes that while the entries come from across the Lothians, many of them are located within, or otherwise relevant to, the Edinburgh Council area;
- 3) Agrees that small, low-cost active travel infrastructure improvements are often ideal projects for the council's locality teams to take forward, thus allowing the city's active travel team to focus on the more strategic active travel projects;
- 4) Therefore agrees to thank Spokes, the volunteer judging panel, the local businesses who donated prizes and the members of the public who submitted ideas, for their input into this project;
- 5) Further agrees to refer the Spokes document describing the competition entries to each Locality Manager (or other relevant section of the Council) with a request that they identify the proposals within their area of responsibility, assess the feasibility of each proposal, undertake the relevant work to take appropriate proposals forward, and report back on a quarterly basis to the relevant locality committee (once formed) and to the Transport and Environment Committee on progress to implement the proposals.”
