**Application for Listed Building Consent 17/05880/LBC
At 32 - 36 Great King Street, Edinburgh, EH3 6QH
Change of Use + alteration of existing hotel to form 9x
dwellings; works include single storey extensions to rear +
associated external works to form private gardens with
access from adjacent parking area. (as amended)**

Item number	4.8(b)
Report number	
Wards	B11 - City Centre

Summary

The amended proposals comply with the adopted Local Development Plan and non-statutory policies, have no adverse effect on the character or appearance of the conservation area or the character of the listed building and do not harm the Outstanding Universal Value of the World Heritage Site. The development has no detrimental impact on residential amenity or road safety. There are no material considerations that outweigh this conclusion.

Report

Application for Listed Building Consent 17/05880/LBC At 32 - 36 Great King Street, Edinburgh, EH3 6QH Change of Use + alteration of existing hotel to form 9x dwellings; works include single storey extensions to rear + associated external works to form private gardens with access from adjacent parking area. (as amended)

Recommendations

1.1 It is recommended that this application be Granted subject to the details below.

Background

2.1 Site description

The application site is a disused hotel on the north side of Great King Street. The building has a car park to the rear and a small garden area. The wider area is characterised by residential and commercial properties.

A-listed building - Robert Reid and William Sibbald, 1814-23. 3-storey and basement, 59-bay (9-bay central pavilion, flanked by 18-bay blocks, flanked in turn by 7-bay terminal pavilions) classical palace block terrace, with 3-storey, attic and basement central and terminal pavilions; double main door tenements to central and terminal pavilions, single houses in between. Sandstone ashlar principal elevation, with polished V-jointed rustication to principal floor, broached ashlar to upper floors, rock-faced rustication to basement. Continual cornice, returned and terminated at corners; blocking course to central and terminal pavilions, with wallhead panels at centre; cill course to 1st and 2nd floors. Ashlar steps and entrance platts oversailing basement.

The site is within the World Heritage Site.

This application site is located within the New Town Conservation Area.

2.2 Site History

There is no relevant planning history for this site.

Main report

3.1 Description Of The Proposal

Listed building consent is sought for internal alterations to subdivide a disused hotel to nine residential flats. This will include the addition of three extensions to the three flats at garden level. The proposal will also involve the reinstatement of original lightwells to the front of the property. The internal alterations are primarily focused on the removal of bathrooms and facilities associated with the hotel use.

Scheme One

The first scheme proposed a private parking area to the rear and extensions which covered the entire rear of the property. The parking was subsequently removed due to a purchasing issue and it was requested that the extensions were not to cover more than 50% of the rear of the properties. It was also requested that the design of the extensions was to be more "bespoke" to complement the listed building.

Scheme Two

The size and design of the extensions was updated. However, the positioning of the extensions at 34 and 36, side by side, was not acceptable. The length of the extensions extending from the rear was also too large. A design of zinc cladding was proposed also. It was requested that the extensions were shortened and that some timber was added to the cladding to find an acceptable design.

3.2 Determining Issues

In considering whether to grant consent, special regard must be had to the desirability of preserving the building or its setting or any features of special architectural or historic interest which it possesses. For the purposes of this issue, preserve, in relation to the building, means preserve it either in its existing state or subject only to such alterations or extensions as can be carried out without serious detriment to its character.

Do the proposals harm the character or appearance of the conservation area? If they do, there is a strong presumption against granting of permission.

3.3 Assessment

To address these determining issues, the Committee needs to consider whether:

- a) there is any adverse impact on the character and appearance of the conservation area and Edinburgh World Heritage Site;
- b) there is any adverse impact on the character of the listed building or its setting;
- c) any impacts on equalities or human rights are acceptable; and
- d) comments raised have been addressed.

a) Impact on Conservation Area and Edinburgh World Heritage Site

The New Town Conservation Area Character Appraisal states that:

"The overwhelming retention of buildings in their original design form, allied to the standard format of residential buildings, contributes significantly to the character of the area."

The proposed use is therefore in keeping with the character of the New Town Conservation Area and the conversion of the disused hotel to its original residential use is welcomed. External alterations are restricted to the rear elevation at basement level and will not be easily visible from any public view. The rear extensions are to be finished in black zinc cladding with a small area of natural oak timber cladding. The contemporary design of the extensions shall complement the historic environment.

The character and appearance of the Conservation Area and the World Heritage Site will therefore be preserved. The proposal complies with Local Plan Policies Env 1 and Env 6.

b) Impact on Listed Building or its setting

The proposal will not have an adverse impact on the character of the listed building or its setting. The scheme has been amended, reducing the size and design of the rear extensions providing a clear distinction between the original building and the new development. Historic Environment Scotland has no objections to the proposals. There are minor alterations to reinstate the original light wells to the front elevation. Internal alterations have been considered under the associated application for listed building consent.

The proposal complies with Local Plan policies Env 3 and Env 4.

c) Equalities and Human Rights

This application was assessed in terms of equalities and human rights. No impact was identified.

d) Public Comments

Material Considerations

- Impact on architectural integrity: this has been addressed in section 3.3(b).
- Extensions not in keeping with the character of area: this has been addressed in section 3.3(a) and (b).
- Redevelopment into flats instead of three townhouses: The principle of the development is acceptable at this location.
- Loss of wall: Part of the wall to be removed is not included in the listing of the site and no objections were raised by Historic Environment Scotland.
- Various issues relating to proposed parking area: The scheme was amended and no parking is now proposed.

Non-Material Considerations

- Existence of Japanese Knotweed under the tarmac: this is a private legal matter.
- Potential to be used as short term lets: this is not the subject of this application.

Conclusion

The amended proposals comply with the adopted Local Development Plan and non-statutory policies, have no adverse effect on the character or appearance of the conservation area or the character of the listed building and do not harm the Outstanding Universal Value of the World Heritage Site. The development has no detrimental impact on residential amenity or road safety. There are no material considerations that outweigh this conclusion.

It is recommended that this application be Granted subject to the details below.

3.4 Conditions/reasons/informatives

Conditions:-

1. A detailed specification, including trade names where appropriate, of all the proposed external materials shall be submitted to and approved in writing by the Planning Authority before work is commenced on site; Note: samples of the materials may be required.

Reasons:-

1. In order to enable the planning authority to consider this/these matter/s in detail.

Informatives

It should be noted that:

1. The works hereby permitted shall be commenced no later than the expiration of three years from the date of this consent.

Financial impact

4.1 The financial impact has been assessed as follows:

There are no financial implications to the Council.

Risk, Policy, compliance and governance impact

5.1 Provided planning applications are determined in accordance with statutory legislation, the level of risk is low.

Equalities impact

6.1 The equalities impact has been assessed as follows:

The application has been assessed and has no impact in terms of equalities or human rights.

Sustainability impact

7.1 The sustainability impact has been assessed as follows:

This application meets the sustainability requirements of the Edinburgh Design Guidance.

Consultation and engagement

8.1 Pre-Application Process

There is no pre-application process history.

8.2 Publicity summary of representations and Community Council comments

The application was advertised 19 January 2018. Following this, 28 letters of representation objecting to the were received

A full assessment of the representations can be found in the main report in the Assessment Section.

Links - Policies

Relevant Policies:

Relevant policies of the Local Development Plan.

LDP Policy Env 1 (World Heritage Site) protects the quality of the World Heritage Site and its setting.

LDP Policy Env 3 (Listed Buildings - Setting) identifies the circumstances in which development within the curtilage or affecting the setting of a listed building will be permitted.

LDP Policy Env 4 (Listed Buildings - Alterations and Extensions) identifies the circumstances in which alterations and extensions to listed buildings will be permitted.

LDP Policy Env 6 (Conservation Areas - Development) sets out criteria for assessing development in a conservation area.

Non-statutory guidelines 'LISTED BUILDINGS AND CONSERVATION AREAS' provides guidance on repairing, altering or extending listed buildings and unlisted buildings in conservation areas.

Non-Statutory guidelines Edinburgh Design Guidance supports development of the highest design quality and that integrates well with the existing city. It sets out the Council's expectations for the design of new development, including buildings, parking, streets and landscape, in Edinburgh.

The New Town Conservation Area Character Appraisal states that the area is typified by the formal plan layout, spacious stone built terraces, broad streets and an overall classical elegance. The buildings are of a generally consistent three storey and basement scale, with some four storey corner and central pavilions.

Appendix 1

**Application for Listed Building Consent 17/05880/LBC
At 32 - 36 Great King Street, Edinburgh, EH3 6QH
Change of Use + alteration of existing hotel to form 9x
dwellings; works include single storey extensions to rear +
associated external works to form private gardens with
access from adjacent parking area. (as amended)**

Consultations

Historic Environment Scotland

We have considered the information received and do not have any comments to make on the proposals. Our decision not to provide comments should not be taken as our support for the proposals. This application should be determined in accordance with national and local policy on listed building/conservation area consent, together with related policy guidance.
