Executive Summary

This report provides details of Internal Audit (IA) reviews completed in the period; recent changes to the 2017/18 IA plan; and updates on resourcing; commencement of the 2018/19 Internal Audit plan; and IA priorities.

Internal Audit has now issued a total of 33 2017/18 audit reports to the City of Edinburgh Council (the Council) the Lothian Pension Fund (LPF) and the Edinburgh Integration Joint Board (EIJB), with 19 issued between 1 January and 31 July 2018. This included 15 reports for the Council; 2 for LPF; and 2 for the EIJB.

Of the 19 reports issued to the Council, two have been presented separately to the Committee for scrutiny. The remaining 17 reports include 65 findings (21 High; 34 Medium; and 10 Low).

A total of 6 reports are recommended for referral from the GRBV to the EIJB Audit and Risk Committee. No reports have been referred by the EIJB Audit and Risk Committee during the period.

IA recruitment has been successful and the team is now expected to be at full complement by the beginning of October 2018.

Work has commenced on the 2018/19 annual plan, however, delivery has been impacted by ongoing resourcing challenges. It has been agreed with PwC that resources will be provided in August to support delivery of three 2018/19 reviews.

Internal Audit Update Report: 1 January – 31 July 2018

1. Recommendations

- 1.1 Committee is recommended to:
 - 1.1.1 Note the risks associated with the 21 High rated findings raised in the 17 Council reports and consider if further clarification or immediate follow-up is required with responsible officers for specific items;
 - 1.1.2 Note that the 2 LPF reports have been presented to the Pensions Committee for scrutiny;
 - 1.1.3 Refer the 6 reports noted in Appendix 1 as potentially being of interest to the EIJB Audit and Risk Committee;
 - 1.1.4 Note that no reports were referred by the EIJB Audit and Risk Committee to GRBV at their meetings in February; March and May 2018.
 - 1.1.5 Note the current position with resources and successful recruitment; and
 - 1.1.6 Note progress with the 2018/19 annual plan and recent IA priorities.

2. Background

- 2.1 Internal Audit is required to deliver an annual plan of work, which is scoped using a risk-based assessment of Council activities. Additional reviews are added to the plan where considered necessary to address any emerging risks and issues identified during the year, subject to approval from the relevant Committees.
- 2.2 IA progress and a summary of findings raised in the reports issued are presented to the Governance, Risk, and Best Value Committee quarterly.
- 2.3 All audits performed for the Lothian Pension Fund (LPF) are subject to separate scrutiny by the Pension Audit Sub-Committee and the Pensions Committee, and are included in this report for completeness.
- 2.4 Audits performed for the Edinburgh Integration Joint Board (EIJB) are presented to the EIJB Audit and Risk Committee for scrutiny, with any reports that are relevant to the Council subsequently referred to the GRBV Committee.

- 2.5 Audits performed for the City of Edinburgh Council (the Council) that are relevant to the EIJB will be recommended for referral to the EIJB Audit and Risk Committee by the GRBV Committee.

3. Main report

Audit Findings for the period

- 3.1 A total of 33 2017/18 audit reports have now been issued to the to the Council (27); LPF (4); and the EIJB, with 23 issued between 1 January and 15 July 2018.
- 3.2 This included 19 reports for the Council; 2 for LPF; and 2 for the EIJB.
- 3.3 Of the 19 reports issued to the Council, the Building Standards, and Edinburgh Building Services (Housing Property Services) reports have been presented separately to the Committee for scrutiny.
- 3.4 The remaining 17 Council reports included a total of 65 findings (21 High; 33 Medium; and 10 Low). The majority of the findings raised (40%) were included in the Care Homes Assurance (4 High; 12 Medium; 4 Low) and Drivers Health and Safety (3 High and 6 Medium) audits. Details of completed reports are included at Appendix 1, with individual reports provided in Appendix 2 (following the order in Appendix 1).
- 3.5 The 2 LPF reports have been presented to the Pensions Audit Committee for scrutiny. These reports included a total of 11 findings (4 High; 3 Medium; and 4 Low).
- 3.6 The 2 EIJB reports were presented to the July EIJB Audit and Risk Committee, and it was agreed that these should be referred to the GRBV.

A total of 6 Council reports are recommended for referral from the GRBV to the EIJB Audit and Risk Committee (refer Appendix 1).

Changes to the 2017/18 IA Plan

- 3.7 The Health and Social Care Partnership Care Inspectorate Follow-up review that was included in the 2017/18 audit plan has been replaced with a review of the Edinburgh Mela Ltd at the request of management, given the significant reputational risks associated with the Council's decision to provide funding to support the Mela festival. Given resource constraints it was not possible in the timescales available to undertake both reviews.
- 3.8 It is expected that the Mela Ltd review will be completed in early July. This review has no impact on the Council's 2017/18 Internal Audit annual opinion.

Resourcing

- 3.9 Recruitment has been successful with offers now accepted for all vacant roles
- 3.10 It is expected that the IA team will be at full complement by the beginning of October, with new team members joining on a phased basis (aligned with notice periods) from July onwards.

Progress with 2018/19 Annual Plan

- 3.11 Work on the 2018/19 annual plan has commenced with one audit currently in progress.
- 3.12 Progress with the 2018/19 plan has been impacted by ongoing resourcing challenges, and the priorities noted below.
- 3.13 It has been agreed with PwC that resources will be provided in August to support delivery of three 2018/19 audits.

Internal Audit Priorities

- 3.14 Focus for the last quarter has been directed at finalising the audit reports for the 2017/18 annual plan; recruitment; and launching the new automated follow-up process.
- 3.15 The new system will be launched Council wide in early July, with training delivered during the weeks of 25 June and 2 July focusing on the role and importance of IA; rebranding IA as 'your safety net'; sharing examples of best practice when finalising audit reports and providing updates and evidence to support closure of findings; and introducing the new system.

4. Measures of success

- 4.1 Once implemented, the recommendations contained within these reports will strengthen the Council's control framework.

5. Financial impact

- 5.1 No direct financial impact.

6. Risk, policy, compliance and governance impact

- 6.1 Internal Audit findings are raised as a result of control gaps or deficiencies identified during audits. If agreed management actions are not implemented to support closure of Internal Audit findings, the Council will be exposed to the risks set out in the relevant Internal Audit reports.

7. Equalities impact

- 7.1 Not applicable.

8. Sustainability impact

- 8.1 Not applicable.

9. Consultation and engagement

9.1 Not applicable.

This internal audit review is conducted for the City of Edinburgh Council under the auspices of the 2017/18 internal audit plan approved by the Governance, Risk, and Best Value Committee in March 2017. The review is designed to help the City of Edinburgh Council assess and refine its internal control environment. It is not designed or intended to be suitable for any other purpose and should not be relied upon for any other purpose. The City of Edinburgh Council accepts no responsibility for any such reliance and disclaims all liability in relation thereto.

The internal audit work and reporting has been performed in line with the requirements of the Public Sector Internal Audit Standards (PSIAS) and as a result is not designed or intended to comply with any other auditing standards.

Although there is a number of specific recommendations included in this report to strengthen internal control, it is management's responsibility to design, implement and maintain an effective control framework, and for the prevention and detection of irregularities and fraud. This is an essential part of the efficient management of the City of Edinburgh Council. Communication of the issues and weaknesses arising from this audit does not absolve management of this responsibility. High and Critical risk findings will be raised with senior management and elected members as appropriate.

1. Background and Scope

Background

The Looked After and Accommodated Children service is currently developing a new strategy focusing on early and intensive intervention to ensure that fewer children and young people become 'looked after'. The new strategy will consider the increasing child population; the implications of Self Directed Support; Children and Young People (Scotland) Act 2014 requirements; and the increasing number of Unaccompanied Asylum-Seeking Children.

A key element of this strategy is ensuring that where a child requires to be 'looked after', appropriate kinship or foster care arrangements are established with suitable kinship or foster carers directly engaged by the Council, reducing the need to source care arrangements from costly external providers.

Vetting, Approval, and Agreement Processes

Standard processes are applied to ensure that all potential foster and kinship carers are thoroughly vetted; formally approved by Agency Decision Makers (ADMs) following assessor and panel recommendations; and that formal care agreements supporting the arrangements are signed.

Foster and kinship carer vetting is performed by Social Workers with the outcomes recorded in assessment reports. Vetting involves confirmation of identity; completion of relevant protection of vulnerable groups (PVG) disclosure checks; receipt and review of personal references; and completion of local authority, household, and background checks per LAC regulation requirements.

All completed assessment reports and supporting recommendations for foster and kinship arrangements should be signed by the Assessing Social Worker and reviewed and signed by a Family Based Care (FBC) or Kinship Care Team Leader. For foster carers, the report should also be shared with and signed by the applicants prior to panel review and approval.

A formal agreement is signed by both the foster and kinship carer and the Council prior to placement of children, to confirm that both parties fully understand their respective responsibilities.

Payments to Carers and Arrangements for Young People

Foster and kinship carers are paid by the Council as self-employed individuals. The amount paid is based on a standard table of rates. Different rates apply according to the nature of care provided and age bands. Additional ad hoc payments are also made to cover additional costs incurred (for example holidays or travel).

All payments made to carers are authorised by Social Workers and processed by the Carer Payment Team (CPT) who report through Resources. Social Work Practice Teams are also required to review unauthorised payment reports in advance of payment runs to confirm that all placement changes they requested have been completely and accurately processed by the CPT.

Continuing care legislation requires that authorised arrangements for payments in respect of young people over 18 years must be established prior to the young person's 18th birthday.

Social Workers are responsible for ensuring that these arrangements are established on time by completing authorisation requests and supporting questionnaires in Swift. The CPT monitor and ensure that this workflow progresses to Senior Managers for authorisation, and process new payment rates once approved.

Scope

The scope of this review assessed the design and operating effectiveness of the key controls established to support management of foster care provision and carer payments, and mitigate the following risks:

- harm to children in our care and their carers;
- increased use of higher cost service provision;
- failure to manage budgets; and
- non-compliance with applicable legislation.

Testing, where appropriate, was performed for the period October 2016 to January 2018.

The full terms of reference are included at appendix 2.

Summary of findings

Significant progress is evident in relation to the implementation of the looked after and accommodated children (LAAC) transformation, with reports to the Education, Children & Families and GRBV committees in August and December 2017 confirming that many of the targets had been achieved or exceeded, with a reduction in the number of children in foster care; an increase in kinship care placements, and a reduction in the use of secure care. However, the service was behind target to reduce the percentage of independent (non-Council) foster care and residential care placements.

As part of the Council balance of care strategy, foster care is proactively promoted with the objective of establishing appropriate foster care arrangements directly with the Council. To support vulnerable, looked after children, (either through kinship or foster care) it is essential that thorough and legislatively compliant vetting and approval processes are established and consistently applied, with clear carer agreements in place that are signed by both carers and the Council. It is also important to ensure that the costs associated with foster and kinship care are effectively managed, including completeness and accuracy of payments to carers.

Our review of the foster and kinship care vetting, approval and agreements process identified some significant control weaknesses that could potentially result in approval of carers who have not been thoroughly vetted; and potential non-compliance with applicable Looked After Children Legislation.

It should be noted however, that effective post carer approval monitoring and review processes have been established, and are consistently applied to ensure that carers are fully supported and continue to meet children's needs. All placement referrals are actively prioritised and monitored at weekly management and panel review meetings until an appropriate solution for the child is identified.

Our review of payment processes also identified some moderate control weaknesses (notably failure by Social Workers to evidence review of weekly and 4 weekly unauthorised payment reports) that could result in unauthorised or inaccurate payments being made. Whilst some control weaknesses have been identified, we noted that there are comprehensive payments process notes in place, and that effective reconciliation controls are applied to confirm that payments recorded in SWIFT are accurately transferred across to the Oracle purchase ledger for final payment. There are also effective controls in place supporting the addition and removal of foster and kinship carers.

Additionally, we identified that financial arrangements for continuing care are not being consistently established and reviewed by Social Workers as required per applicable legislation; and that the process to recover overpayment of carer payments is not consistently applied.

Consequently, one High; two Medium and one Low rated findings have been raised. An Advisory recommendation has also been included, highlighting best practice improvement opportunities identified. Our detailed findings and recommendations are laid out at Section 3 below.

3. Detailed findings

1. Foster & Kinship Care Vetting, Referral, Approval, and Agreements

Finding

A sample of ten foster care and ten kinship care arrangements were selected and reviewed to confirm that the vetting and assessment and approval processes had been completed as per established processes and applicable Looked After Children regulatory requirements. Care agreements were also reviewed to confirm that these had been completed and signed by both parties.

A sample of ten assessment of need and risk forms were selected and reviewed to confirm that kinship care placements had been considered and discounted prior to a request for foster care placements.

The following Significant control gaps have been identified:

- 1. Foster Carer Vetting** – In one instance, the required checks had not been fully completed, despite the carer being granted approval in principle. No placements had yet been approved for this carer due to a post panel disclosure.

For a further four cases, the assessment reports were incomplete and did not include the outcomes of all checks performed, although evidence was available elsewhere for three of the four cases (e.g. SWIFT and paper files) that satisfactory checks had been completed.

- 2. Kinship Carer Vetting** – In one case, a family member disclosure was outstanding and the final decision was subject to acceptable medical checks for another family member. The Referring Social Worker noted that she was not aware that the disclosure should have been progressed by the Practice Team, and this is now being actioned.

A second assessment report was also incomplete as not all relevant health assessment information had been included, however it was confirmed that this information was passed to the Agency Decision Maker (ADM) with the report.

- 3. Foster Carer Assessment and Decisioning** – applicant review and approval of assessment forms was not evident in 60% of the sample reviewed, and there was no evidence of Social Worker and Team Leader sign off for 50% of the sample.

- 4. Kinship Carer Assessment and Decisioning** – two assessment reports (20% of the sample) did not include the names of the Social Workers who had performed the assessment or the Team Leader who had performed the review. Names were type signed in word documents for the remaining 8. There was also no evidence of electronic sign off supporting eight ADM decisions; names were also type signed.

- 5. Foster Carer Agreements** - Five of ten agreements had been signed by both the Council and the carer, and three had been signed by the carer only. Two agreements were not found. One of these, was not finalised as a post panel disclosure has resulted in no placements being offered, however,

one could not be located as no paper file had been created and a child had been placed with carers without an agreement being in place.

6. Kinship Carer Agreements - No evidence was provided to confirm that kinship agreements are routinely completed and signed by both parties. Of the nine Practice Team Social Workers contacted, only three responded, and confirmed that agreements were not in place. Two committed to rectifying the omission, and one signed agreement has subsequently been put in place. In one case, it was noted that the family were not willing to progress with kinship arrangements.

7. Review of Carer Agreements – Kinship and foster carer agreements have not been revised since October 2009, when current LAC regulations came into force. LAC guidance requires the content of agreements to be reviewed at intervals by authorities.

Current agreement templates are between the Children and Families Department and carers, which does not accurately reflect the current Council structure.

8. Assessment of Need and Risk Forms - The Practice Team Social Worker (PTSW) is required to tick a box on the referral form to confirm their Line Manager agreement to the referral, however this process does not provide adequate evidence of Line Manager review and approval.

Business Implication	Finding Rating
<ul style="list-style-type: none"> • Potential foster and kinship carers are not thoroughly vetted; • Incomplete assessment reports are presented to the panel and ADM for approval and decision; • Foster and kinship carers are not fully aware of their own and the Council’s responsibilities; • Potential non-compliance with LAC regulations; and • Referrals for foster care placement are submitted without appropriate authority.

<p>1. And 2. Existing foster and kinship carer vetting processes should be reviewed, updated, and implemented across all Social Work teams. Document retention methods that meet current Data Protection and future General Data Protection Requirements should also be included in the revised process documentation.</p> <p>3. And 4. Assessment reports and agency decisions should not be approved until all necessary vetting has been fully completed. A formal review of all assessment reports should be performed by line management prior to submission to panel and ADM to confirm that all vetting outcomes are completely and accurately reflected in the report. Additionally, assessment reports should be signed as evidence of this review.</p> <p>5. And 6. 7. Existing foster and kinship care template agreements should be reviewed and refreshed (at least annually) to confirm that their content remains aligned with applicable Looked After Children (LAC) legislation and current Council structure.
8. The Line Manager of the PTSW should be copied into the email referral to evidence their agreement and approval of the referral.

Agreed Management Action

Estimated Implementation Date

1. Foster Care Vetting

Family Based Care process for checking carers has been updated and revisions included in service End to End procedures. Specific actions include all statutory checks (PVG, Medical and Local Authority) having to be requested immediately at recruitment screening stage and three months prior to Carer Review. This will eliminate checks not being available as evidence for Fostering Panels. FBC Team Leader quality assurance checklists for foster care assessments have been updated to require sight of signed copies of assessment reports prior to Panel submission. Team Leaders will review in supervision that signed copies of all completed assessment reports are held in the Carers paper file.

31 May 2018

2. Kinship Carer Vetting

Assessment reports are checked by the Team Leader before forwarding to panel and/or ADM. This will ensure that statutory checks are included as well as being referred to in the assessment. Team leaders will also ensure that all submissions are signed by the assessor and countersigned by themselves. Team leaders will be informed from now that they will sign all assessments. Assessors are, in the main, engaged outwith FBC and commissioned via a fixed fee format for their completed assessments. Some are employees of CEC and others are not. A plan will be developed to enable them to create and use an electronic signature or similar sign off method.

30 September 2018

3. Foster Care Assessment and Decisioning

FBC Team Leader quality assurance checklists for foster care assessments have been updated to require sight of signed copies of assessment reports prior to Panel submission. Team Leaders will review in supervision that signed copies of all completed assessment reports are held in the Carers paper file and required in End to End processes. Additional, regular file auditing undertaken internally with this the service will quality assure procedures are being implemented.

31 May 2018

4. Kinship Assessment and Decisioning

Kinship assessors will be asked to sign and include their name with all of their assessment submissions. Team Leaders will also be asked to sign and include their name when endorsing the assessment. This will be incorporated into Kinship processes.

30 September 2018

5. Foster Carer Agreements

End to End procedures specify that a Carer Agreement must be signed by the carer and CEC, a copy provided to the carer and the original held on file.

30 June 2018

6. Kinship Carer Agreements

Procedures to be reviewed and updated to specify that a Carer Agreement must be signed by the carer and CEC, a copy provided to the carer and the original held on file.

30 September 2018

6. **5 & 6** Formal checks will be implemented (prior to placements being offered) to ensure that all foster and kinship carer agreements have been signed by both the carer and the Council, and that a copy of the signed agreement has been issued to the carer and securely retained by the Council.

7. Review of Carer Agreements

The content of the current Carer Agreement is compliant with requirements of Schedule 6 of the Looked After Children (Scotland) Regulations 2009. The contents of this document will be reviewed alongside the development of revised information to support Continuing Care placements.

31 May 2018

The Kinship carer agreement document will be reviewed separately to this but within the same timescale.

31 May 2018

8. Assessment of Need and Risk Forms

The process of Line Manager agreement will be reviewed to provide evidence of approval for the referral, Team Leaders will be copied into the email referral to Intake.

30 June 2018

2. Carer Payments

Finding

1. Payments to Carers

A sample of 25 ad hoc payments were selected for review from the monthly business objects reports that detail all additional payments made. Review of the sample established that:

- In one case, Senior Manager authorisation for continued extra weekly payments of £393.74 could not be found and it was noted that authority may have been verbal. A future review date required for this payment had also not been recorded in Swift. This has now been corrected.
- Payment review dates are not consistently provided to the CPT by Social Workers, and confirmation that additional payments should continue is not consistently provided in advance of the specified review or end date.

2. Social Worker Review of Payments

Social Work Practice Teams are required to review unauthorised payment reports in advance of weekly and four weekly payment runs to confirm that all changes they requested have been completely and accurately processed by the CPT.

Evidence of checks performed should be recorded on a tracker and any issues identified raised with the CPT and addressed prior to release of payments. If there are no issues, this should be recorded on the tracker to evidence completion of the review.

Review of four weekly and one four weekly trackers across four Practice Teams and the disability team (25 entries across 5 trackers) confirmed that:

- Team sections within the 5 unauthorised payment reports tested had not been reviewed as required prior to payment in 14 of 25 instances;
- There was no evidence of completion of any checks by one Practice Team; and
- Only one team from the five had checked the four-weekly report selected for review.

Recommendation	Responsible Officer
<ol style="list-style-type: none"> 1. Authorisation should be provided by FBC and Practice Team Managers in advance of any additional payments being made. Evidence of authorisation should be retained by the CPT. 2. An escalation process should be established and implemented to ensure that updates, and approvals for extensions to additional payments are provided by FBC and Practice Team Managers or Team Leaders to the CPT prior to the review / end date recorded on SWIFT. 3. The requirement for Practice Team Business Support to review unauthorised payment reports and evidence their review via the tracker should be reinforced. Practice Team Managers should also review the trackers prior to payment to ensure that all Social Work team members have performed the necessary review. Any instances where the review has not been performed prior to payment should be addressed via the performance management process. 	Neil Kirkpatrick, Business Support Team Manager – 1, 2 & 3
Agreed Management Action	Estimated Implementation Date
<ol style="list-style-type: none"> 1. CPT are currently revising their processes. Going forward, all payment updates will be provided by Social Workers on Carer Fee Payment forms rather than via email, and future review dates noted on this form for entry to Swift. This process is still being embedded. 2. The CPT will run a report with payment review dates on a monthly basis for the month ahead and send it to the appropriate Team Manager and Team Leader highlighting the need for a member of their team to review the service/payment and complete the appropriate paper work as required. 3. The CF Central Business Support Team Manager has issued an email reminding all Business Support Team Managers that this process is necessary to confirm completeness and accuracy of carer payments and request their team's weekly returns. The weekly returns will be copied to the relevant CPTM when emailing to the CPT. The CPT will track the returns and liaise with the appropriate teams when information is not received. 	31 May 2018 31 May 2018 31 May 2018

3. Arrangements for Young People

Finding

Eight entries were selected from a December 2017 report produced by the CPT detailing costs for all young people 17 and over. Review of this sample established that:

- One 18-year old was incorrectly categorised as a mainstream placement rather than 18+ Foster Care, as an authorisation request and questionnaire provided was not supported by adequate information.
- One questionnaire had been completed and entered into Swift, but had not been set up as a workflow request for authorisation, and had therefore been missed. This has now been escalated for review.
- Two approved 18+ placements had future review dates recorded in Swift, however, this date field is not currently monitored. One of the cases was due for review in the month tested and had not been actioned yet.

In addition to the above testing, it was noted that for 20 placements correctly categorised as 18+ Foster Care on this report, three were not supported by evidence of LAC Manager approval, and seven had expired approvals on SWIFT.

Whilst placements with external providers were not included within our scope, it should be noted that these issues also apply to these arrangements. As at December 2017, we identified four external placements for 18-year olds that were incorrectly categorised as foster care provision rather than 18+ foster care.

Business Implication

Appropriate arrangements are not established as per the timeframes specified in continuing care legislation.

Action plans

Recommendation

1. Existing processes should be reviewed and refreshed with appropriate management oversight implemented to ensure that future plans for young people are prepared, reviewed and implemented within the required regulatory timeframes.
2. A review of all young people aged 17 and over should be performed to confirm appropriateness of existing arrangements and address any instances of missed reviews based on the dates recorded in SWIFT.
3. Trigger dates based on dates of birth should be recorded in Swift for each placement, and an exception report designed, implemented, and provided to Social Work Practice Teams to ensure that future reviews are completed on time.

Agreed Management Action

1. As of March 2018, the process includes the +18-year authorisation report being sent to CPTMs for them to review any placements without the required authority and action as appropriate.

Estimated Implementation Date

31 May 2018

2. All placements of 17-year olds to be reviewed and taken to the CPTM meeting to discuss requirement and timescales.	31 July 2018
3. There is an exception report available through Business Objects detailing any +18-year placements recorded on Swift incorrectly as Looked After and Accommodated Children. This report is on the Business Support Team report matrix to be run weekly. The Business Support Relationship Manager has this diarised to run quarterly and liaise with any teams that need placements updated on Swift.	31 May 2018

4. Recovery of Overpayments

Finding

Carer payments are paid weekly or four weekly in advance. Where a foster placement ends and there is a subsequent placement, any overpayment is offset against future payments for the next placement. For kinship carers where placements are made for specific children, overpayments consistently occur when the placement ends.

A payment booklet issued to all carers notes that overpayments must be repaid within eight weeks.

Where an overpayment requires to be recovered, a letter detailing the amount due is issued to the carer. No timescale is specified for receipt of payment. If no payment is received, a reminder letter is issued noting that a debtor account will be raised in the Council Accounts Receivable system if the debt is not settled in 14 days. Outstanding payments remain on an exception report until settled.

Five overpayments in respect of kinship care totalling £3,567.15 in value were selected from a prepayment run exception report as at 05/10/17. A total of 99 overpayments in respect of 48 foster, kinship and respite carers, and prospective adopters with a value of £53,622.60 were included in this report. The most historic overpayment included in the report that had not been recovered was for £596.34 and dated back to August 2016.

Review of this sample established that appropriate action to offset or recover overpayments was being taken, however:

- In two cases, reminder letters had not been issued as at mid-January 2018 in respect of overpayments to July and October 2017 for £416.83 and £456.36 respectively
- For an overpayment to May 2017 for £822.29, overpayment and reminder letters were issued in June and August 2017, however, an accounts receivable debtor account was not raised until October 2017.

<p>ensure that overpayment and reminder letters are issued, and debtor accounts created on a timely basis;</p> <ol style="list-style-type: none"> 2. A timescale for receipt of payments should be detailed in the first overpayment letter issued, and this due date used to inform the timely issue of a reminder letter if required; 3. The overpayment process outlined in the carer payment booklet should be reviewed. Consideration should be given to reducing the current eight week repayment timescale; and 4. Sample checks should be performed by management monthly to confirm that the overpayments process is being consistently applied. 	
Agreed Management Action	Estimated Implementation Date
1. The process will be updated to reflect overpayment letters being sent within 2 weeks of the overpayment being realised. A weekly report of overpayments will be run and passed to FBC Team Manager for timescale of payment from the carer.	30 June 2018
2. The initial overpayment letter will be updated to request that payments be received within the timescales set out by FBC Team Managers as detailed below.	30 June 2018
3. Timescales of repayments will be agreed by FBC Team Manager dependent on individual circumstances. The rates booklet will be updated to reflect this change. Any write off is to be authorised by Senior Manager.	30 June 2018
4. The process will be updated with the Business Support Team Manager / Officer conducting a monthly spot check of the overpayment process.	30 June 2018

Terms of Reference – Foster Care Review

This review is being undertaken as part of the 2017/18 internal audit plan approved by the Governance, Risk and Best Value Committee in March 2017.

Background

The primary strategic objective for looked after & accommodated children (LAAC) is to shift the balance of the Service from relatively high cost, external providers to high quality local services, and to deliver consistent early and intensive intervention approaches so that fewer children and young people (C&YP) need to be accommodated. Where C&YP do need to be accommodated, to make sure they are accommodated within existing Council (CEC) LAAC services.

A transformation programme to achieve this change commenced in 2013. Regular progress updates are provided to the Education, Children & Families and Governance Risk & Best Value committees.

The latest update reported that many of the targets had been achieved or exceeded, including an overall reduction in the LAAC population; a reduction in the number of children in foster care; an increase in kinship care placements, and a reduction in the use of secure care. However the service was behind target to reduce the percentage of independent foster placements and reduce use of residential care placements.

As a result, the service is in the process of developing a new strategy and targets to continue to reduce the need for children to become Looked After taking into account factors such as the rising child population; the implications of implementing Self Directed Support; the requirements of the Children and Young People (Scotland) Act 2014; and the increases in Unaccompanied Asylum Seeking Children.

Scope

The scope of this review will be to assess the design and operating effectiveness of the controls in place for the management of foster care provision and payments to carers, to mitigate the risks of:

- harm to children in our care and their carers;
- increased use of higher cost service provision;
- failure to manage budgets; and
- non-compliance with legislation.

These risks are encompassed in a key strategic / operational risk included in the C&F SMT risk register in relation to the balance of care: 'Much of the cost of care of children and young people is demand-led and relies on expensive external providers. If the balance between enabling and commissioning levels of care is not optimal the Council may not be able to sustain adequate levels of service. There has been an increase in unaccompanied asylum seekers which is increasing the need, this includes asylum seeking children. The impact of any imbalance of care could increase violent incidents further'.

Our audit approach is as follows:

- Obtain an understanding of management of foster care provision through discussions with key personnel, review of systems documentation and walkthrough tests;
- Identify the key risks around management of foster care provision;
- Evaluate the design of the controls in place to address the key risks; and
- Test the operating effectiveness of the key controls.

Testing, where appropriate, will be undertaken for the period October 2016 to September 2017.

The sub-processes and related control objectives included in the review are:

Sub-process	Control Objectives
Manage supply	<ul style="list-style-type: none"> • An appropriate strategy is in place to manage the balance of care for looked after children; • Appropriate vetting processes in place ensure that in-house carers recruited meet required service standards; • Processes are in place to collate and assess all needs and risks in relation to each looked after child; • All identified needs and risks are provided to family based care to ensure that kinship care and foster care placement decisions best meet the needs and welfare of the looked after child; • Emergency placements can be accommodated when required; • Robust processes are in place to re-allocate resources effectively where placements come to an end; and • All relevant sections are notified in a timely manner where a child ceases to be looked after.
Support & Monitor	<ul style="list-style-type: none"> • Appropriate support is given to in-house foster carers, kinship carers and the looked after children in their care for the duration of placements; and • There are regular reviews of placements and plans in place to ensure that they continue to fulfil the child's needs and welfare.
Management of Welfare Concerns	<ul style="list-style-type: none"> • Robust child protection processes apply where allegations are made against foster / kinship carers.
Payment	<ul style="list-style-type: none"> • All allowances and fees paid to in-house and kinship carers are in line with agreed rates in place; • All payments made are subject to review and regular reconciliation; and • Payments are stopped on time when a placement ends.
Governance	<ul style="list-style-type: none"> • All relevant policies and procedures are up to date and complied with; • Processes are in place to ensure compliance with applicable legislation; and • Key risks identified are subject to ongoing review by the Senior Management Team.

Limitations of Scope

The scope of our review is outlined above and is limited to a review of foster care provided by the Council, and kinship care. Additionally, the following areas are specifically excluded from scope:

- Records management - social work records within Children & Families are currently being audited separately, and
- External foster care providers - this area was subject to audit review in 2016.

Follow Up Process

Where reportable audit findings are identified, the extent to which each recommendation has been implemented will be reviewed in accordance with estimated implementation dates outlined in the final report.

Evidence should be prepared and submitted to Audit in support of action taken to implement recommendations. Actions remain outstanding until suitable evidence is provided to close them down.

Monitoring of outstanding management actions is undertaken via monthly updates to the Directorate and Senior Executive Officer. The Senior Executive Officer liaises with Service Areas to ensure that updates and appropriate evidence are provided when required.

Details of outstanding actions are reported to the Governance, Risk & Best Value (GRBV) Committee on a quarterly basis.

It would be helpful to have the following available prior to our audit or at the latest our first day of field work:

- Any relevant documented processes.

This list is not intended to be exhaustive; we may require additional information during the audit which we will bring to your attention at the earliest opportunity.

Terms of Referral

Internal Audit Update Report: 1 January – 31 July 2018

Terms of referral

- 1.1 On 31 July 2018, the Governance, Risk and Best Value Committee considered a summary of the findings and status of work from the Internal Audit plan of work. Additional reviews were to be added to the plan where considered necessary to address any emerging risks and issues identified during the year, subject to formal approval by the relevant committee.
- 1.2 The report by the Chief Internal Auditor indicated that Internal Audit recruitment had been successful and the team now expected to be at full complement by the beginning of October 2018.
- 1.3 Work had commenced on the 2018/19 annual plan, however, delivery had been impacted by the ongoing resourcing challenges. It had been agreed with PwC that resources would be provided in August to support delivery of three 2018/19 reviews.
- 1.4 The Governance, Risk and Best Value Committee agreed:
 - 1.4.1 To note the risks associated with the 21 High rated findings raised in the 17 Council reports.
 - 1.4.2 To note that the 2 Lothian Pension Fund reports had been presented to the Pensions Committee for scrutiny
 - 1.4.3 To refer the 6 reports noted in Appendix 1 as potentially being of interest to the Audit and Risk Committee of the Edinburgh Integration Joint Board (EIJB), to that Committee.
 - 1.4.4 To note that no reports were referred by the EIJB Audit and Risk Committee to the Governance Risk and Best Value Committee at their meetings in February, March and May 2018.
 - 1.4.5 To note the current position with resources and successful recruitment.
 - 1.4.6 To note the progress with the 2018/19 annual plan and recent IA priorities.
 - 1.4.7 To ask for an update to the next meeting on the ability of the 18/19 Plan to deliver its outcomes.

- 1.4.8 To refer the audit report on CCTV noted in Appendix 1 to the CCTV Working Group for consideration.
- 1.4.9 To refer the high and medium risk findings to each executive committee as appropriate.
- 1.4.10 To ask for a further report on the processes involved for making changes to the 2017/18 Internal Audit Plan.

For Decision/Action

- 2.1 The Education, Children and Families Committee is asked to note the attached audit reports with high and medium risk findings concerning Foster Care Review.
