

Item 3 – 06/02607/FUL 1 Merchiston Place etc – REPLACEMENT PAGE 4

Addendum

This application was considered at the Development Quality on the 25 September 2006 where it was decided to continue the application for additional information on waste management.

The applicant currently has a contract with Environmental Solutions for a weekly uplift of commercial waste from the existing business. This contract will be changed to a daily uplift with the kitchen waste stored in a cupboard off the kitchen.

The plans clearly indicate that there is adequate space within the basement and indicate a store off the kitchen. Environmental Assessment have confirmed that the proposed location and arrangement is acceptable.

It is recommended that the Committee approves this application, subject to the conditions on noise ventilation and hours.

Alan Henderson
Head of Planning and Strategy
