

Reference point	Estimated height mAO	Notes	
view	A	32 G L	a special location in the Royal Botanic Garden, where management of trees is essential to conserve the view
skyline	B	87+	New Town skyline on either side of George Street is critical to perception of the skyline; roof levels around Charlotte Square are 85mAO; lower in West End; Castle, spires, dome etc rise above rooflines against sky
	C	85-	
backdrop	D		sky; rising sightlines beyond Old Town and West End skylines; skyline continues west across to St Mary's spires, with Pentland Hills beyond, defined by other view cones
	E		

**Castle, Hub spire and Charlotte Square dome from Royal Botanic Garden in front of Inverleith House**

**View No. N3b**
