The City of Edinburgh Council Charitable Trusts Unaudited Trustee's Annual Report and Accounts for the year ended 31 March 2023

Legal and Administrative Information

Trustee

The City of Edinburgh Council acts as sole Trustee for the charities in this report. The delegated responsibility for charitable trusts was transferred from the Pensions and Trusts Committee to the Finance and Budget Committee as part of the review of governance arrangements under the Committee Terms of Reference and Delegated Functions approved by Council on 20 September 2012 (Section 6.6). The Finance and Budget Committee has since been renamed the **Finance and Resources Committee** and now has delegated authority from Council to act in the role of Trustee of its charities. The individual members of the Committee are listed on page 6 of the Trustee's Report, however, the individual members are not Trustees of the charitable trusts.

Reference and Administrative Details

At the year end the Council acted as sole Trustee for a total of six Trusts which have charitable status and are registered with the Office of the Scottish Charity Regulator (OSCR). A list of five of the charities can be found on page 3 of this report and in the accounts. Separate accounts have been prepared for City of Edinburgh Council Charitable Funds (Boyd Anderson Trust) using a break-up basis of accounting for which OSCR has granted consent to wind up the trust.

The Council administers these charities but their assets are not available to the Council and have not been included in the Council's balance sheet but are consolidated in the The City of Edinburgh Council Group Accounts.

The Trustee presents the Annual Report and Accounts of the City of Edinburgh Council Charitable Trusts for the year ending 31 March 2023. The Annual Accounts have been prepared in accordance with the accounting policies set out in note 1 to the accounts and comply with the Charities Accounts (Scotland) Regulations 2006 and the principles of Accounting and Reporting by Charities: Statement of Recommended Practice (FRS 102), commonly referred to as the Charities SORP (FRS 102). One set of accounts for connected charities has been prepared under the provisions of these regulations.

Structure, Governance and Management

The charities that the Council administers are constituted in a variety of different ways. Details of how each charity was originally established are available from the Council.

The Trustee section on the previous page describes the Committee of the Council which is involved with administration. All committee members are elected Councillors. Members of the Finance and Resources Committee have been provided with copies of the OSCR guidance which explains the role and responsibilities of charity Trustee. Risk management is covered as part of the Council's general risk management procedures. The Council is currently in the process of conducting a review of its administration of Trusts.

The <u>Committee on the Jean F. Watson Bequest</u> has the following delegated authority: "With monies from the Jean F. Watson Bequest, to purchase and commission for the City's collection, works of artists and craftspeople born, practising in, or otherwise associated with Scotland, and in particular Edinburgh; all decisions to be guided by the Collection and Disposal Policy for the City Museums and Galleries."

Responsibilities of the Trustee

Charity law requires the charity Trustee to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the surplus or deficit of the charity for that period.

The Council, as the Trustee, has overall responsibility for the following:

- 1. Ensuring that there are appropriate systems of controls; financial and otherwise.
- Keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charities and enable them to ensure that the financial statements comply with the Charities Accounts (Scotland) Regulations 2006 and the Charities SORP (FRS 102).
- 3. Selecting suitable accounting policies and applying them consistently.
- 4. Making judgements and estimates that are reasonable and prudent.
- 5. Safeguarding the assets of the charities.
- 6. Taking reasonable steps for the prevention and detection of fraud and other irregularities.
- 7. Providing reasonable assurance that:
- i) the charities are operating efficiently and effectively;
- ii) the charitable assets are safeguarded against unauthorised use or disposition;
- iii) proper records are maintained and financial information used by the charities is reliable;
- iv) the charities comply with relevant laws and regulations.

The systems of internal control are designed to provide reasonable, but not absolute assurance against material misstatement or loss. They include:

- 1. A strategic plan approved by the charity Trustee;
- 2. Consideration by the charity Trustee of financial results and non-financial performance indicators;
- 3. Delegation of authority and segregation of duties; and
- 4. Identification and management of risks.

The Trustee is responsible for the maintenance and integrity of the corporate and financial information included in the Council's website. Legislation in the United Kingdom governing the preparation and dissemination of the financial statements may differ from legislation in other jurisdictions.

Exemptions From Disclosure and Funds held as Custodian Trustee on Behalf of Others None.

Financial Review

The financial statements present the financial position of the Trusts for the year ended 31 March 2023. This section describes briefly the key points of each statement. Financial statements and notes have been rounded to the nearest thousand, and as such, are subject to rounding differences. All of the unrestricted funds of the charities are general and not designated.

The Statement of Financial Activities shows the total income to be £491,000 in 2022/23 (2021/22 £427,000). This increase in income compared to the previous year is primarily due to an increased need for support funding from the City of Edinburgh Council compared to the prior year. An analysis of income is available in Notes 2 and 5.

The expenditure in the year is higher than last year at £436,000 compared to £364,000. An analysis of expenditure is detailed in Notes 3 and 4 with the values against Nelson Halls, Lauriston Castle and The Royal Scots Trusts being operating and ground maintenance costs.

The Balance Sheet Statement shows the fixed asset investments have decreased to £2.554m from £2.668m. This decrease is as a result of a net loss in the market valuation of the investments at the end of the first quarter of 2023. Movements on the valuation of the investments are further analysed in Notes 7, 16 and 17.

Fixed asset properties and collections have been included in the accounts at their most recent valuations. An external revaluation of Lauriston Castle collections was completed in November 2020 and Lauriston Castle building was revalued in March 2019, with further details available in Notes 6 and 16.

The £42,000 increase in cash is further analysed in the Cash Flow Statement (£21,000 increase in 2021/22). The detail of the breakdown of the £23,000 owed by the Trusts as at 31 March 2023 is included within Note 17 of the Accounts with the year on year comparative included in Note 10.

Reserves Policy

The Charitable Trusts should follow the prevailing general principle that the "Capital" of the funds is held effectively as a permanent endowment, with only the annual income available for disbursement in the year. If the Trustee requires to use "Capital" balances, Finance and Resources Committee approval would be required on a case by case basis. This policy was approved at the <u>17 March 2016 Finance and Resources</u> <u>Committee</u>.

The annual income for the Edinburgh Education Trust averages around £32,000. This income is used for the advancement of education, academic and physical, formal and informal, to include the giving of bursaries and prizes as well as assistance for residents who find themselves in a state of financial hardship within the City of Edinburgh District or to pay for any expenses of administering the Trust. Any unused income in the year remains within the Trust's bank account. The Trust has total funds of £1,257,000, consisting of £1,092,000 in Investments, £165,000 in Cash, £7,000 of debtors less Creditors of £7,000.

Cash will be available to fund liabilities as they fall due.

The annual income for The Royal Scots Trust averages around £23,000, including the funding from the City of Edinburgh Council to support maintenance cost. Financial Review - continued

The total support funding from the City of Edinburgh Council across the Trusts in the year is £375,782 (2021/22 £299,817).

The Heritage Assets and the Investments stated above are endowment funds and are therefore not available for general purposes. An analysis of Heritage Assets is included within Notes 5 and 6 to the Accounts.

Plans for Future Period

The strategy to radically restructure the Charitable Trusts by a combination of: transfers to suitable external charities; consolidation; and expenditure of capital is almost complete. Future plans include the full disbursement of the remaining funds of the Boyd Anderson Trust which has been approved by Committee, leaving the five Trusts covered in this report remaining. Separate accounts have been prepared for Boyd Anderson Trust using a break-up basis of accounting.

The Trusts continue to make improvements to the processes regarding the transfer of funds to ensure individuals are aware of the money available to them and that this is transferred promptly. Forecasting will be prepared in 2023/24 to ensure that they are also aware of the likely money available in 2024/25 to enable longer-term planning.

1 Accounting policies

a) Basis of preparation

The 2022/23 financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) - Charities SORP (FRS 102) and the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

These financial statements have been prepared on the basis that the Trusts for which the City of Edinburgh Council acts as sole Trustee are connected charities. As such, the accounts for the individual charities have been prepared on a collective basis. These financial statements contain all the relevant information that the individual charity accounts would have contained if they had been prepared on an individual basis. These Trusts meet the definition of a public benefit entity under Charities SORP (FRS 102). Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy note(s).

These financial statements are presented in pounds sterling (GBP) as that is the currency in which the charitable trust funds' transactions are denominated.

The Statement of Financial Activities includes the total income from and expenditure of running and maintaining Lauriston Castle, Nelson Halls and The Royal Scots Monument. This includes the support funding from the City of Edinburgh Council towards the operating and maintenance costs of these assets.

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires Trustees to exercise their judgement in the process of applying the accounting policies. Use of available information and application of judgement are inherent in the formation of estimates. Actual outcomes in the future could differ from such estimates. The critical judgements and estimates for the trusts are included in note (m).

b) Going Concern Policy

The financial statements for the remaining five Trusts, after the closure of Boyd Anderson, are prepared on the going concern basis. The Trustee is of the opinion those trusts are a going concern from reviewing activities undertaken, based on expected expenditure commitments in the 12 months following the signing of these financial statements.

c) Fund accounting

Unrestricted funds are general funds that are available for use at the Trustee's discretion in the furtherance of any of the objectives of the charities.

All of the charities have an endowment fund consisting of invested capital and any Heritage Assets. Endowment funds are held on trust to be retained for the benefit of the charity as a capital fund. The income arising from the investments is available for the purposes of each charity and is added to the relevant unrestricted fund. In most cases the Trustee has discretion to expend endowment funds should the need arise, subject to Finance and Resources Committee approval.

d) Investment income

Investment income is accounted for in the period in which the charity is entitled to receive it and the amount can be measured with reasonable certainty.

e) Grant and other income

Revenue grants, including those from government, are recognised in the Statement of Financial Activities (SoFA) in the period in which the charitable trust is entitled to receipt, it is probable that the income will be received and the amount can be measured reliably. Such income is deferred when the charitable trust has to fulfil conditions before becoming entitled to it. Sums generated by the direct activities of the Trusts are included as other trading activities income, subject to the conditions above. In-kind support from the Council, equal to the net operating cost of the Trusts during the year after consideration of this income and income from investments, is included within income from donations and legacies.

1 Accounting policies - continued

f) Expenditure

Expenditure is included in the financial statements on an accruals basis and includes sums incurred by the Council in the furtherance of the Trusts' activities.

g) Heritage assets and depreciation

Heritage assets are deemed to have indeterminate lives and a high residual value; hence it is not considered appropriate to charge depreciation. This type of assets includes collections of: paintings, ceramics, textiles, silverware, clocks and books. The valuations used for these assets are based on values for insurance purposes.

Heritage Assets are stated in the accounts at a revalued amount where this is available. Where this is not available, historic cost has been used. This is the case for the Lauriston Castle buildings and grounds, Nelson Halls and the Royal Scots Monument.

h) Investments

Investments are included at market value at the balance sheet date in accordance with the principles of the Charities SORP (FRS 102). Any gain or loss on revaluation is shown on the Statement of Financial Activities.

i) Reserves policy

The endowment fund is maintained for the charity as a capital fund. The amount of income generated by investments is available for expenditure on charitable purposes. The Finance and Resources Committee agreed the current Reserves Policy on 17 March 2016.

j) Creditors

Creditors are obligations to pay for goods or services that have been acquired. They are recognised at the undiscounted amount owed to the supplier, which is normally the invoice price.

k) Cash and cash equivalents

Cash and cash equivalents consist of cash on hand and balances with banks, and are measured at fair value.

I) Financial assets and financial liabilities

Financial instruments are recognised in the statements of financial activities when the charitable trust becomes a party to the contractual provisions of the instrument. Financial instruments are initially measured at transaction price unless the arrangement constitutes a financing transaction which includes transaction costs for financial instruments not subsequently measured at fair value. Subsequent to initial recognition, they are accounted for as set out below. A financing transaction is measured at the present value of the future payments discounted at the market rate of interest for similar debt instrument.

Financial instruments are classified as either 'basic' or 'other' in accordance with Chapter 11 of Charities SORP (FRS 102). At the end of each reporting period, basic financial instruments are measured at amortised cost using the effective rate method. All financial instruments not classified as basic are measured at fair value at the end of the reporting period with the resulting changes recognised in income or expenditure. Where the fair value cannot be reliably measured, they are recognised at cost less impairment.

Financial assets are derecognised when the contractual rights to the cash flows from asset expire, or when the charitable company has transferred substantially all the risks and rewards of ownership. Financial liabilities are derecognised only once the liability has been extinguished through discharge, cancellation or expiry.

m) Critical judgements and estimates

The preparation of financial statements in compliance with Charities SORP (FRS 102) requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the charitable trust funds' accounting policies.

The reported operating cost for Lauriston Castle incorporates time-based estimates of curatorial and management costs where relevant staff also have responsibility for other Council-operated venues. An estimate of gardening costs, comprising employee and associated materials expenditure, is also included.

The reported operating cost for Nelson Halls is based on the total floorspace (in sqm) covered by the halls as a percentage of the entire floorspace of the libraries or community centres to which they are attached.

The reported expenditure for The Royal Scots Monument is based on the estimated cost, as originally provided by Parks and Greenspace services and adjusted for inflation, for maintaining the specific grounds the monument is situated.

In 1961 an agreement was signed by Miss Jean F. Watson and the Corporation of the City of Edinburgh which set up a fund to purchase works of art in memory of Miss Watson's parents. The Trust acquires works of art for public viewing in Edinburgh by artists who have connections with the city. The agreement allows for existing items in the collection to be sold and the proceeds used to purchase other works of art.

There have been various purchases per the list below and no disposals.

In 2021/22, Portfolio of three unique digital prints- Disunion, Apparition and Green & Pleasant Land by Rachel MacLean were purchased.

In 2022/23, Marriage in Ankara and Handle with Care by Olivia Irvine, Study for a Kiss by Virginia Hutchison, Perdendosi by Norman MacBeath, Fisherman with Creels by Donald Smith and Walk of Faith by David McCulloch were purchased.

These are classified as heritage assets.

The Lauriston Castle valuation of £7.6m (2021/22 £7.6m) includes £2m for the Lauriston Castle buildings and grounds based on historic cost and £5.6m based on full inventory valuation of the collection. An external revaluation of the collection was completed in November 2020 by Art & Antiques Appraisals.

The Nelson Halls properties have not been valued for the purposes of these accounts and are stated at cost. These buildings are now often incorporated into the fabric of existing buildings and are therefore difficult to revalue.

The Royal Scots Monument was transferred from Common Good Fund to the Royal Scots Trust following the Common Good asset register review in 2019/20. The valuation of the monument has been based on historic cost.

Additional information on heritage assets can be found in the Trustee's Annual Report under Reserves Policy but there have been no acquisitions or disposals, except for those mentioned for Jean F. Watson in Note 5 above.
