We want City Plan 2030 to allocate the Airport's contingency runway, the "crosswinds runway" for the development of alternative uses next to the Edinburgh Gateway interchange. Do you agree with this approach? - Yes / No

Short Response	Not Answered
Explanation	Not Answered
Choice	15 A
We want to conti	nue to use the national 'town centre first' approach. City Plan 2030 will protect and enhance the city centre as the regional core of south east Scotland

We want to continue to use the national 'town centre first' approach. City Plan 2030 will protect and enhance the city centre as the regional core of south east Scotland providing shopping, commercial leisure, and entertainment and tourism activities. Do you agree with this? - Yes / No

Short ResponseYesExplanationthe sequential approach has been in force for over 20 years and this is the basis of deciding the location of retail, commercial and leisure development. The
policy however still requires flexibility to accommodate uses that cannot be accommodated in existing centres or are unsuitable. This policy to encourage
tourism in City Centres appears to conflict with the suggested policy below re hotels - see comments.

Choice 15 B

New shopping and leisure development will only be allowed within our town and local centres (including any new local centres) justified by the Commercial Needs study. Outwith local centres, small scale proposals will be permitted only in areas where there is evidence of a lack of food shopping within walking distance. Do you agree? - Yes / No

Short Response	No
Explanation	there should be no requirement to justify new shopping or leisure development in existing town centres. This would run counter to the 'town centres first'
	policy encouraged above.

Choice 15 C

We want to review our existing town and local centres including the potential for new identified centres and boundary changes where they support walking and cycling access to local services in outer areas, consistent with the outcomes of the City Mobility Plan. Do you agree? - Yes / No
