### Your information and data

1 What is your name?

Name: Holder Planning

2 What is your email address?

Email: robin@holderplanning.co.uk

3. If you do not have an email address What is your address?

Full address including postcode:

4 I am responding as

Developer / Landowner

5 IF you are responding on behalf of an organisation or an other individual, what is their name?

Agent on behalf of:

6 I agree to my response being published to this consultation.

Yes

## Choice 16 (part 1) - Delivering office floorspace

16A.1 We want to continue to support office use at strategic office locations at Edinburgh Park/South Gyle, the International Business Gateway, Leith, the city centre, and in town and local centres. Do you agree?

Not Answered

Explain why:

16A.2 We want to support office development at commercial centres as these also provide accessible locations.

Not Answered

Explain why:

16A.3 We want to strengthen the requirement within the city centre to provide significant office floorspace within major mixed-use developments. Do you agree?

Not Answered

Explain why:

16A.4 We want to amend the boundary of the Leith strategic office location to remove areas with residential development consent. Do you agree?

Not Answered

Explain why:

16A.5 We want to continue to support office development in other accessible locations elsewhere in the urban area. Do you agree?

Not Answered

### Explain why:

Do you have an office site you wish us to consider in the proposed Plan?: No file was uploaded

#### 16B We want to identify sites and locations within Edinburgh with potential for office development. Do you agree with this?

Not Answered

Explain why:

16C We want to introduce a loss of office policy to retain accessible office accommodation. This would not permit the redevelopment of office buildings other than for office use, unless existing office space is provided as part of denser development. This would apply across the city to recognise that office locations outwith the city centre and strategic office locations are important in meeting the needs of the mid-market. Or we could Introduce a 'loss of office' policy only in the city centre.

I support no change to policy

#### Explain why:

We do not support a blanket prohibition against the change of use from office use in the city-centre. There are many properties in the city-centre which were originally built as residential properties and, over the decades, have changed use between residential, office and retail, sometimes on multiple occasions. Mostly these are individual units within tenement blocks and sometimes whole tenements. As a result, Edinburgh city-centre is extremely vibrant and varied in its uses.

A change of use from office to residential in city-centre locations should not in our view not be prevented where this is small in scale. Such changes of use have no significant impact on the overall availability of office space and it is therefore unnecessary to prevent it.

We therefore request that any new policy contains a provision which allows small-scale changes of use.

### Choice 16 (part 2) - Delivering Business and Industrial Space

16E We want to identify proposals for new modern business and industrial sites to provide necessary floorspace at the following locations. Do you agree?

Yes / No - Support:

Yes / No - Do not support:

#### Explain why:

16F We want to ensure new business space is provided as part of the redevelopment of urban sites and considered in Place Briefs for greenfield sites. We want to set out the amount expected to be re-provided, clearer criteria on what constitutes flexible business space, and how to deliver it, including the location on-site, and considering adjacent uses, servicing and visibility. Do you agree?

### Not Answered

Explain why:

16G We want to continue to protect industrial estates that are designated under our current policy on Employment Sites and Premises (Emp 8). Do you agree?

#### Not Answered

Explain why:

16H We want to introduce a policy that provides criteria for locations that we would support city-wide and neighbourhood goods distribution hubs. Do you agree?

Not Answered

Explain why:
