Dear Madam / Sir,

I write to inform you of my firm and strong rejection to the Blackhall Community Trust's plans to seek permission and thus build Ravelston Park Pavilion.

My family and I along with many friends use this park on a daily basis. We use it to keep ourselves and our children fit both physically and mentally along with meeting other members of the community on a regular basis.

I strongly feel that the building of the above will only reduce the quality of the park.

Green spaces are at risk of being lost by actions like this. Once they are gone, they are going for all generations.

As you know but seem to be ignoring this land was gifted to the community in 1902 and is supposed to be held in trust for perpetuity and not to be built on.

I can not shake the feeling that there is money being made here at the cost of community life.

Yours

Patrick Edwards
