

Improving the Moredun Multis

Dear Residents and Homeowners,

Welcome to the latest edition of our newsletter for the Moredun Multis. We've been exploring ways to improve the six high rise blocks and over the past few months, our design team has visited them several times to meet residents and give you the opportunity to share your thoughts and ideas.

Your feedback has helped us understand the key issues you face and identify opportunities for improvements.

In this edition we'll update you on our visits and some of the feedback you gave us. You can also find information about our next event and how to get involved.

You can find out more about the project, including future events on our website at:

Improving outdoor spaces Oct 2024

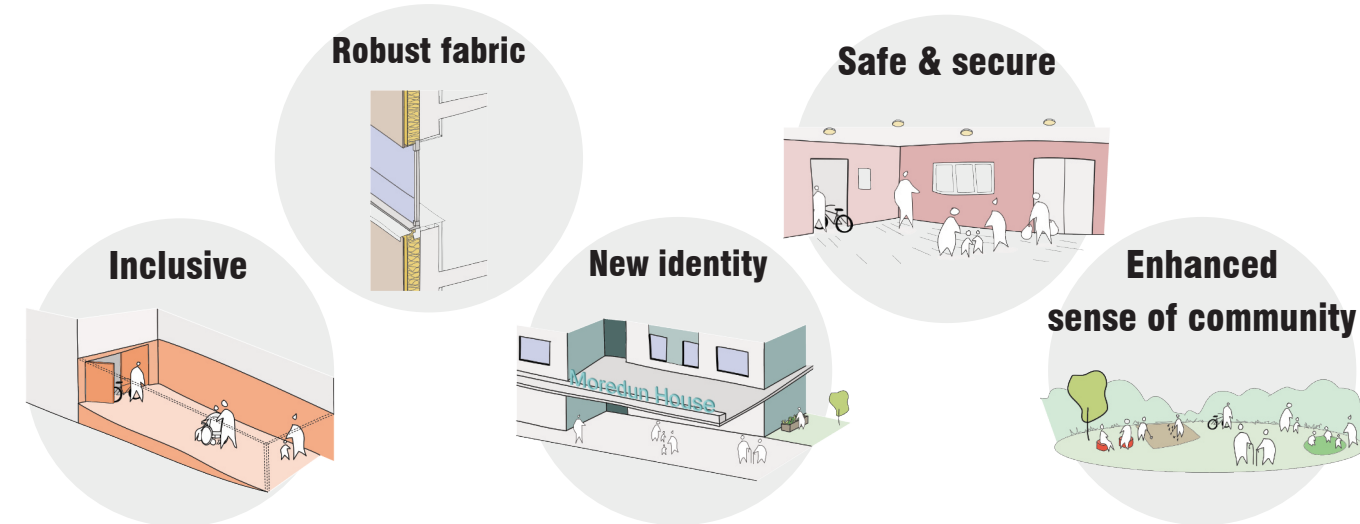

In October, we held an event at Moredun House and Forteviot House to get your thoughts on improving outdoor spaces so they're nicer places to spend time in. We also asked you about the parking and roads around the blocks and how we can combine your ideas with the improvements on the Moredun Park Project.

External features and lobbies Nov 2024

In November, we met at Moredun House and Forteviot House to gather your thoughts on the external features of the blocks and the ground floor lobbies.

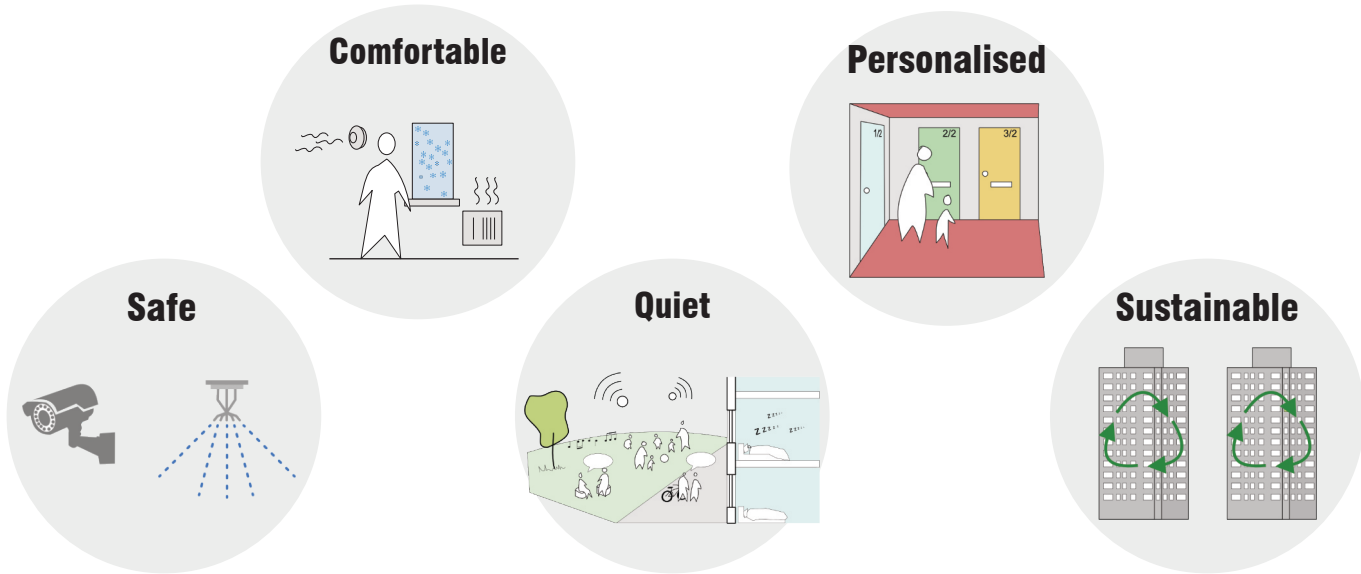

You told us safety and security needed to be improved, so this has become our main focus for this part of the design. We're planning to upgrade the external features on the blocks and prioritise fire safety, durability and energy efficiency.

Flats and hallways Dec 2024

In December, we met at Moredun House and Moncrieffe House to discuss potential improvements to your flats and the upper floor hallways. We were keen to hear your expectations for making your homes warmer, better ventilated and improving hot water systems.

We're looking at upgrades such as enhanced insulation, new windows and more efficient hot water solutions to make homes more comfortable and energy efficient.

Next events: May 2025

Event 1

Our next event is on Monday 5th May at 3.30pm – 5.30pm and is an opportunity to:

- share more of the information we've gathered from you at the previous events
- listen to your concerns and feedback
- share colour options for the outside of the blocks.

Event 2

Our final event will be on Monday 26th May at 3.3pm - 5.30pm and at this event we'll share our proposed designs for the blocks at our final event.

Keep an eye out on our website and posters in the lobbies with the dates, times and locations.

We look forward to seeing you there!

INTERPRETATION AND TRANSLATION
