- Colleagues and contractors in relation to completing glazing work.

- External and internal suppliers to source materials.
- Where required, manufacturers, to obtain advice on special aspects of glazing.

Decisions (Discretion)

The post holder will be required to make the following decisions:

- The best way to carry out the work required.
- Decides on the correct materials and equipment for the job.
- If further work required or the job will take longer than expected the post holder must decide the best course of action to ensure customers receive the best possible service.
- Decides on competency of Apprentice before allocating tasks.
- Decide if there is a need to change order of work to ensure a better job.
- Identify and progress any follow on work if required.
- Inform management of any extended work periods which may impact on meeting future appointments/planned visits.
- If any activity in a property is improper or gives cause for concern it should be reported to management.
- When on standby, how best to prioritise work.

Decisions (Consequences)

The decisions made in the course of the job will impact on the health and safety of themselves, customers and colleagues, customer satisfaction and performance against targets.

Resources

The post holder is responsible for the safe use, safekeeping and cleanliness of their non LGV vehicle, plant, tools, PPE and where applicable IT equipment including mobile communications equipment. Vehicles provided are for the sole use of Council Business only.

The post holder will carry up to £1k of plant equipment and £2k of stock within the van allocated to them. They are fully responsible for the safe keeping, monitoring and replenishment of these resources. The value of IT and phone equipment is approximately £500.

The post holder is required to complete vehicle checklist, standby sheets, timesheets and job sheets and complete HAVS recording.

Environment – Work Demands

The post holder is fully responsible for completing the work once a full assessment has been carried out by them and in line with the set designated timescales e.g. Tenants' First Targets. They are expected to make the assessment on site and inform the customer. If they are unable to complete the work they must inform the management and/or FM Helpdesk/ Repairs Direct to book follow on work before leaving site.

When responsible for an apprentice, will assess competency, then allocate and check work on completion.

Environment – Physical

This is an operational post and physical demands such as manual handling, carrying, bending, kneeling and generally working in small awkward spaces are required as part of the job.

For the duration of the job the post holder will be standing and stretching over machinery/installations that cannot be moved, and stretching over baths and kitchen worktops.

Working in confined attic space when fitting skylights.

Will work with hands above their head handling and installing heavy glazing units.

The post holder is required to lift and carry heavy items such as double glazing units, large panes of glass, tools and ladders up flights of stairs where there are no lifts and in awkward stairwells. There can be up to 3 trips for each job.

Moves and lifts vulnerable customer's furniture and white goods where required.

Environment – Working conditions

The post may require the glazer to work in conditions for long periods of time which could be:

- Extremely dirty in unhygienic properties. Potentially exposed to pet/human excrement, parasites etc.
- Working in smoke damaged properties.
- Extremely cold e.g. empty properties with no heating.
- Working outside in all weathers.

Appropriate PPE shall be provided, including where necessary specialist PPE such as eye protection and dust masks.

Care should be taken with the following:

- When using cutting equipment on glass.
- Working at height off scaffolding or Cherry Picker e.g. on roofs and multi storeys.
- Carrying and installing glass particularly in adverse weather conditions.
- When using COSHH material.
- When lone working as may be subject to challenging behaviour.

Knowledge and Skills

The post holder must have:

- An approved recognised trade qualification e.g. City & Guilds, SVQ level 3 or equivalent.
- A full driving licence.
- A CSCS Card.

The post holder should have a working knowledge of all current Health and Safety legislation and best practice.

Ability to effectively plan workloads, identify areas of potential failure and take preventative action.

Be able to communicate technical information to customers which is meaningful.

Be able to use a range of communication skills when dealing with challenging customers.

Flexibility is essential, together with excellent communication skills and the ability to communicate effectively with people.

Where appropriate, relevant training shall be provided.

Health and Safety

The Council must abide by relevant health & safety and employment law, as well as the common law duty of care. All members of staff are required take care for their personal health and safety and that of others who may be affected by their actions or inactions. You are therefore required to carry out your duties in a safe manner in accordance with instructions and in compliance with safety rules/procedures, regulations

and codes of practice. You are required to advise your line manager if you become aware of any unsafe practice or condition or if you have any other safety concerns and should comply with accident and near-miss reporting procedures.

If you supervise, manage or lead other staff, you are also responsible for ensuring that the Council's operations are carried out in such a way that ensures, so far as is reasonably practicable, the health, safety and welfare of those staff and that of any others who may be affected. You will therefore conduct relevant risk assessments and assign duties with appropriate instructions, in compliance with safety rules/procedures, regulations and codes of practice. You will address and/or escalate any issues of any unsafe practice, condition or any other safety concerns you identify or that are brought to your attention, taking appropriate advice as necessary and will ensure that accident and near-miss reporting procedures are understood and complied with.

Organisation Structure

(attach structure - specific to area of operation).
