

Thoughts and comments from families

Your name _____ Your child's name _____

Date _____

Your child's well-being is important to all of us. Everyone working together will give your child the best possible support and help. Families have a unique contribution and experience to offer and are vital partners in planning your child's learning and development. The main areas which may be affecting your child's well-being are shown below.

You may want to write down some thoughts or comments about your child.

This document can also be completed electronically and emailed to your child's **Named Person** or printed off and brought to the meeting.

You will see that we have used the three main headings from the *My World Triangle*. The 'bubble statements' may help you to think about what you want to say.

How do I grow and develop – *How do you think your child is growing and developing? e.g. what helps your child – what hinders them?*

My wider world – *How do you feel your child is getting on at home, at school, in the community? e.g. what's good in their world– what is not so good?*

What I need from the people who look after me – *What do you think your child needs from the adults in their life?*
